BOARD OF SUPERVISORS
FAIRFAX COUNTY, VIRGINIA

The seal of Fairfax County, Virginia, is a large, faint watermark in the background. It is a circular emblem with the words "COUNTY OF FAIRFAX" at the top and "VIRGINIA" at the bottom. In the center is a shield supported by a lion on the left and a horse on the right. The shield has a crown on top and a banner at the bottom with the motto "EURE FARE FACILE". The year "1742" is inscribed below the shield.

Board of Supervisors Districts

SUBJECT: Submission of Committee Report

On behalf of the 2001 Citizens Advisory Committee on Reapportionment of the Board of Supervisors Districts, I am pleased to present to you its final report. The work of the committee this year was quite different from that of the committee in 1991 when most of the process was accomplished with paper maps and crayons. This year the committee had several advantages.

- First, a GIS computer software program named Geo Track, containing all of the geographic and population data, enabled members to transfer precincts from one district to another and immediately see the population impact of that change. The database included minority populations, which enabled the impact of precinct changes on those populations to be seen immediately.
- Second, use of the Group Decision Support Center and its GroupSystems software enabled members to provide instant commentary on proposals presented to the committee and to prepare explanatory summaries for their plan proposals. Initiators of proposals had the benefit of instant-recorded feedback to help in refining their plans.

The committee worked very smoothly, becoming more cohesive with each meeting. There were differences of opinion on the desired number of districts and on adjustments affecting specific precincts as are evident in the options being submitted to you. Interestingly, without making wholesale changes, most of the recommended nine-district plans were quite similar, with only a few precincts here and there creating any differences.

We appreciate very much the tremendous support given the committee by Michael Long and Erin Ward of the County Attorney's office; Anne Cahill of the Department of Systems Management for Human Services; Carol Lindsay, Group Decisions Support Coordinator; Eric Fisher of the GIS section of the Department of Information Technology, as well as the many other County staff volunteers listed separately.

The committee enjoyed undertaking this project and hopes that this report will be helpful as you determine the redistricting plan for Fairfax County.

Introduction to Committee Report

The Citizens Advisory Committee on Reapportionment of the Board of Supervisors Districts was established by the Board on April 2, 2001, to consider the forthcoming reapportionment of the governing body and to develop alternative redistricting plans for the Board's consideration.

The Committee consists of twenty (20) members appointed by the Board of Supervisors, one member representing each member of the Board and members representing countywide organizations and minority groups. The Committee held its first meeting on April 17, when it received briefings by staff on the process and on how to use the computer software.

The Committee met twice weekly after its first meeting on April 17, holding seven sessions in order to complete its work by the deadline of May 11. Staff provided computer support for two hours prior to each meeting so members could work on their plans using the software available only in the meeting room.

Observers attended each meeting to follow the work of the Committee and to review the various proposals being developed. Committee attendance was very good, averaging fifteen members per meeting. An average of eight observers attended each meeting.

Unlike 1991, the Committee did not hold any public hearings to receive ideas from community members because of the very compressed time schedule. Also, the Board of Supervisors had conducted a public hearing on this issue on March 19, 2001.

Population Targets – Population targets and the allowed 10 percent deviation are:

	<u>Average</u>	<u>-5%</u>	<u>+5%</u>
8 districts	121, 219	115,158	127,280
9 districts	107,750	102,360	113,138
10 districts	96,975	92,126	101,824

Redistricting Planning – Meetings were held in the Group Decision Support Center at the Pennino Building. Each member had a desk with computer, the monitor for which was under the glass desktop. This physical arrangement did not encourage collaborative work so, at the third meeting, the Chair suggested four work groups whose work could be projected on large screens in the room. Members could work with any other members or alone if they chose. At the third meeting of the Committee on April 26, members began oral and graphic presentations of their proposed plans. Other members' comments on the plans were given both on their computers and orally. This process became smoother as meetings progressed.

At its sixth meeting on May 3, the Committee decided that only those plans meeting legal requirements would be forwarded to the Board of Supervisors. Further, there would be no vote on the specific number of districts or on individual plans. Finally, the Committee decided that no personal identification would be attached to any of the plans.

The building blocks for preparation of the plans were precincts as they currently exist as well as precinct changes necessitated by the statewide redistricting plan for the Virginia Senate and House of Delegates prepared and approved by the General Assembly and signed by the Governor. Some of the split precincts were important in the Committee's work. Another complication arose from discrepancies between the decennial census blocks and precinct boundaries. Population numbers from split precincts were not available until the fifth and sixth meetings.

Using a nine-district approach, the challenge to the Committee was designing an increase of population in Mount Vernon District by at least 11,000, an increase in Braddock District of nearly 12,000, an increase in Mason District by at least 520, and a decrease in Sully District of more than 38,000. Beginning at the eastern edge of the County to enlarge Mount Vernon District, this creates a ripple effect to the west. Very little change in districts is required in the northern portion of the County. For ease of reference, the current population of the nine districts is:

Braddock	90,705
Hunter Mill	110,822
Dranesville	106,155
Lee	112,514
Mason	101,840
Mt. Vernon	91,505
Providence	108,980
Springfield	101,032
Sully	146,196

The ideal average population per district would be 107,750. With a 10 percent spread, or an allowed deviation of ± 5 percent, the minimum population in a district could be 102,360 and the maximum population could be 113,138.

Pertinent Points

- Lee and Mount Vernon Districts – Mount Vernon District must gain nearly 11,000 people to meet the minimum allowed deviation from the ideal average population in a nine-member district. The current dividing line between these districts is Richmond Highway (Route 1). A seven-mile area along both sides of Route 1 comprises a Revitalization District. The question was whether it is preferable for the Revitalization District to be represented by one or two supervisors, and there was a difference of opinion on this question. In any event, it would be impossible to move all of the precincts on the west side of Route 1 from Lee District to Mount Vernon District.

- Sully District – Sully District is by far the largest district in terms of population. It is necessary to reduce this population by a minimum of 38,446 people to meet the maximum +5 percent deviation allowed. Residents of the Centreville area appealed to Committee members to keep their community together, and the Committee has been responsive to these requests. This was not a great challenge because of its geographic location.
- Residents of the Broyhill Park community appealed to the Mason District Supervisor and Committee member to reunify their community that was split in 1981. This would require a transfer of Walnut Hill #2 precinct from Providence to Mason District.
- There is a question of whether this is the time to consolidate one very large community of interest—the Reston-Herndon Suburban Center area. A few plans were submitted which accomplish this unification.

Minority Impacts – Minority populations, by type, were a part of the computer software program so members could immediately see the impact of any proposed precinct changes. This was kept in mind as plans were developed. County demographics show a spread of minority populations throughout the County with a few concentrations in some areas (portions of the Route 1 area, Bailey’s Crossroads, Route 50/Graham Road area, etc.).

Plan Presentation

The plans have numerical designations in a specific format. All plan designations begin with a number indicating the number of districts proposed in those plans. For example, those plans beginning with the number “8” represent an eight-district plan, those with a “9” represent a nine-district plan, and those with a “10” represent a ten-district plan.

Alternative plans proposing the same number of districts are identified with a letter designation such as “A” or “B.” Plans that offer alternatives on the same basic theme are further denoted with a number following the letter, such as “9-A-1.”

Each plan presented in this report includes a map showing the precincts in each magisterial district, a plan summary explanation, and statistical data pertaining to that plan. The yellow dots on the maps show the residences of the supervisors.

Note: The Geo Track mapping and numerical database did not include the precinct changes necessitated by the approved state redistricting plan. Committee members had to calculate the impact of these precinct changes by hand. The effect of these precinct changes, where applicable, are noted on the affected maps. Plan 9-C, which proposes the split of two other precincts, also carries a notation on its map.

REPORT

of the

Citizens Advisory Committee

on the

Reapportionment of the

Board of Supervisors Districts

May 11, 2001

Summary of the Eight-District Plan

Only one eight-district plan was presented. There was no broad committee support for this proposal. The plan has many shortcomings, such as dividing communities of interest.

Theme

1. Rationale

This plan creates eight magisterial districts in lieu of the current nine. It creates a Tysons economic dynamics district out of the current Providence District. Though this plan requires considerable disruption, the eight districts are composed of contiguous and compact territory as required.

2. Communities of Interest

This plan divides several communities of interest.

3. Impacts on Incumbents

As illustrated on the map, in two cases two supervisors would be placed in the same district and in one case there would be no incumbent supervisor.

4. Impacts on Ethnic and Language Minority Populations

The major change in district configuration makes it difficult to compare current and future minority distributions in the new districts.

Summary of Nine-District Plans

Twenty-five nine-district plans were presented to the committee. Eight were withdrawn by the authors because they prepared a revised version or because a plan was nearly identical to another proposed plan.

Themes

1. Minimal Precinct Changes and Disruption of Existing Districts

It is necessary to transfer about 15 precincts in order to create districts within the allowed \pm 5 percent deviation from the 107,750 ideal average. All of the 9-B plans and the 9-C plan achieve this goal with about 15 precinct transfers each.

2. Communities of Interest

Residents of Centreville, Reston, and Broyhill Park lobbied to ensure that their communities be within the same Supervisor District. These affect the Sully, Hunter Mill, Providence and Mason Districts.

- All of the 9-district plans provide for Centreville to remain in Sully District.
- Restonians desire the addition of Stuart precinct in north Reston to be united with the remainder of Reston in Hunter Mill District. Plans 9-A-1, 9-A-2, 9-B-4, 9-B-5, 9-B-6, 9-B-7, 9-B-8, and 9-C include Stuart precinct in Hunter Mill District in exchange for Colvin precinct in Dranesville District.
- Plans 9-A-1 and 9-A-2 provide for Reston, the town of Herndon, and the Reston-Herndon Suburban Center to be united in the Hunter Mill District. Note that this is not a new proposal; it was an option presented in 1991.
- Several plans propose reunification of the Broyhill Park community. Having been divided in 1981, Walnut Hill #1 is currently in Mason District while Walnut Hill #2 is in Providence District. Proposals affecting this community (Plans 9-A-1, 9-A-2, 9-B-5, 9-B-6, 9-B-7, 9-B-9, and 9-B-12) recommend transfer of Walnut Hill #2 to Mason District, which needs a small population increase to meet the minimum population required.
- Route 1 is the dividing line between Mount Vernon and Lee Districts. The Richmond Highway Revitalization District covers about seven miles of this highway. The Lee and Mount Vernon District Supervisors like to work together on Revitalization District issues. As was the case ten years ago, the committee considered several alternatives for increasing the Mount Vernon District by transferring precincts from the west side of Route 1. Various plans propose different alternatives, from transferring Woodlawn and/or part of Mount Eagle precinct (split three ways by the state redistricting) from Lee

District to Mount Vernon. One proposal also suggests adding the new Cameron East precinct to Mount Vernon as well. No proposal recommends transferring all 11,000 people needed in Mount Vernon from the precincts along the west side of Route 1.

- Plan 9-C would split two precincts not affected by the state redistricting plans. The plan proposes to transfer part of Bristow precinct, currently in Braddock District, to Mason District. It also proposes to split Burke precinct, currently in Springfield District, and transfer a portion to Braddock District.

3. Impacts on Ethnic and Language Minority Populations

The individual plan summaries denote the impact of the proposed changes on the ethnic and minority populations in the districts involved. This is shown in some cases by comparing the current and new status in the three districts with the largest concentrations of Blacks, Asians, and Hispanics.

Demographic information shows that currently in Fairfax County minority populations are spread throughout the county with some concentrations in specific locations, such as Baileys Crossroads. None of these plans create a district in which any of these minorities become the majority, nor does it appear possible to do so with the nine-district plans given the geographic dispersion of minority communities. All of the nine-district plans have minimal effect on the existing distribution of minority voting strength.

4. Population Deviation

All of the nine-district plans are within the ± 5 percent deviation from the ideal average population per district of 107,705. Most plans have population deviations within ± 3 percent, except for Mason District, which in most plans would receive a small increase to reach the minimum required population.

The Committee discussed the advisability to keep in mind the areas of the County where growth can be expected, such as the Lorton area, when designing new plans. This was done to some degree in most of the plans.

5. Impacts on Incumbents

None of the nine-district plans would affect an elected supervisor or district School Board member or the location of a supervisor's office.

6. Conclusion

This introduction to the nine-district plans notes major points and considerations related to these proposals. While on the surface many of the plans appear similar, each has a distinguishing characteristic. The Committee felt it should submit each variation to the Board of Supervisors for review.

Summary of Ten-District Plan

Only one ten-district plan was submitted. It meets the legal requirements and is included for consideration by the Board of Supervisors.

Themes

1. Rationale

The central idea of this plan is to create a new district in the central western party of the County while changing the existing districts as little as possible in other respects. Currently six supervisors live south of Routes 50 and 236 while only three live north of this east-west line. It reduces the size of each district, which would bring government closer to the people. It protects all elected supervisor and district School Board members.

2. Communities of Interest

The author feels that this plan brings together communities of interest in the central-western area of the County—the town of Vienna and the neighboring Oakton area. It also includes the four precincts in the Fairfax Center area as well as the precincts between there and Oakton.

Other communities of interest within current districts are not affected by this plan.

3. Impacts on Ethnic and Language Minority Populations

The only district greatly affected by this plan is Sully District, which would lose seven precincts to the new district. Of the 94,615 people in the new district, 10.05% are black, 14.74% are Asian, and 5.77% are Hispanic.

NOTES TO THE READER

This Report was prepared by an advisory committee of citizens who were appointed by the Board of Supervisors (“Board”) for the purpose of providing the Board with reapportionment alternatives. The Report contains seventeen reapportionment plans, and the Board is scheduled to consider those alternatives on May 21, 2001. A public hearing on the alternatives is tentatively scheduled at 5:30 p.m. on June 11, 2001.

The Advisory Committee met a total of seven times in late April and early May, and during those meetings, the Committee used population data released by the United States Bureau of the Census (“Census Bureau”) to compile the plans contained within this Report. The preparation of that population data by the Census Bureau and the use of that data require the County staff to add these explanatory comments for the benefit of the reader.

First, Virginia law requires its local governments to utilize information from the Census Bureau in reapportionment, and for that reason, the Committee relied on the population data provided to the County by the Census Bureau. That population data was collected on April 1, 2000, and it included population figures for County election districts and election precincts. The Committee relied on those figures in compiling the reapportionment alternatives presented in this Report. However, the reader should note that the Census Bureau has adopted definitions of election precinct boundaries that do not always coincide with those election districts and election precincts that have been established by the Board.

More specifically, the County now has 203 election precincts, but information provided to the County indicates that 50 of those election precincts used by the Census Bureau do not coincide exactly with precincts established by the Board. Those differences arose because the precinct boundaries used by the Bureau differed from those of County precincts. The Virginia General Assembly’s Division of Legislative Services calls those precincts “pseudo precincts.” In many instances, those pseudo precincts vary in slight details that do not affect voters, but in other instances, those precincts include sizeable discrepancies. The Committee did not have time to address this issue.¹

Nevertheless, this is an important issue because the Virginia General Assembly used election precincts as defined by the Census Bureau when it recently redefined the election districts of the Virginia State Senate and House of Delegates. Because of that decision by the General Assembly, the Board will have to address

¹ The discrepancies caused by these pseudo precincts are not unique to Fairfax County. The Division of Legislative Services has published information indicating that approximately 32 percent or 695 of the 2,174 election precincts within the Commonwealth are pseudo precincts. In terms of the percentage of pseudo precincts to the total number of election precincts, the County has relatively fewer pseudo precincts than the overall average within the Commonwealth.

significant discrepancies by adjusting County precinct boundaries to match the pseudo precincts. It will be most appropriate to address these discrepancies after the Board decides where the new County election district boundaries will be located.

Second, in three instances, the Census Bureau was not able to discern the existing boundaries between County election precincts, and in those situations, the Bureau simply aggregated the population data for those precincts. The Census Bureau aggregated the data for the Cub Run and Stone Precincts, the Floris and Frying Pan Precincts, and the Hayfield, Woodlawn, and Fairfield Precincts. County staff has prepared estimates from Census block data of the individual populations of the Hayfield, Woodlawn, and Fairfield Precincts, and a number of plans within this Report have utilized those estimates.

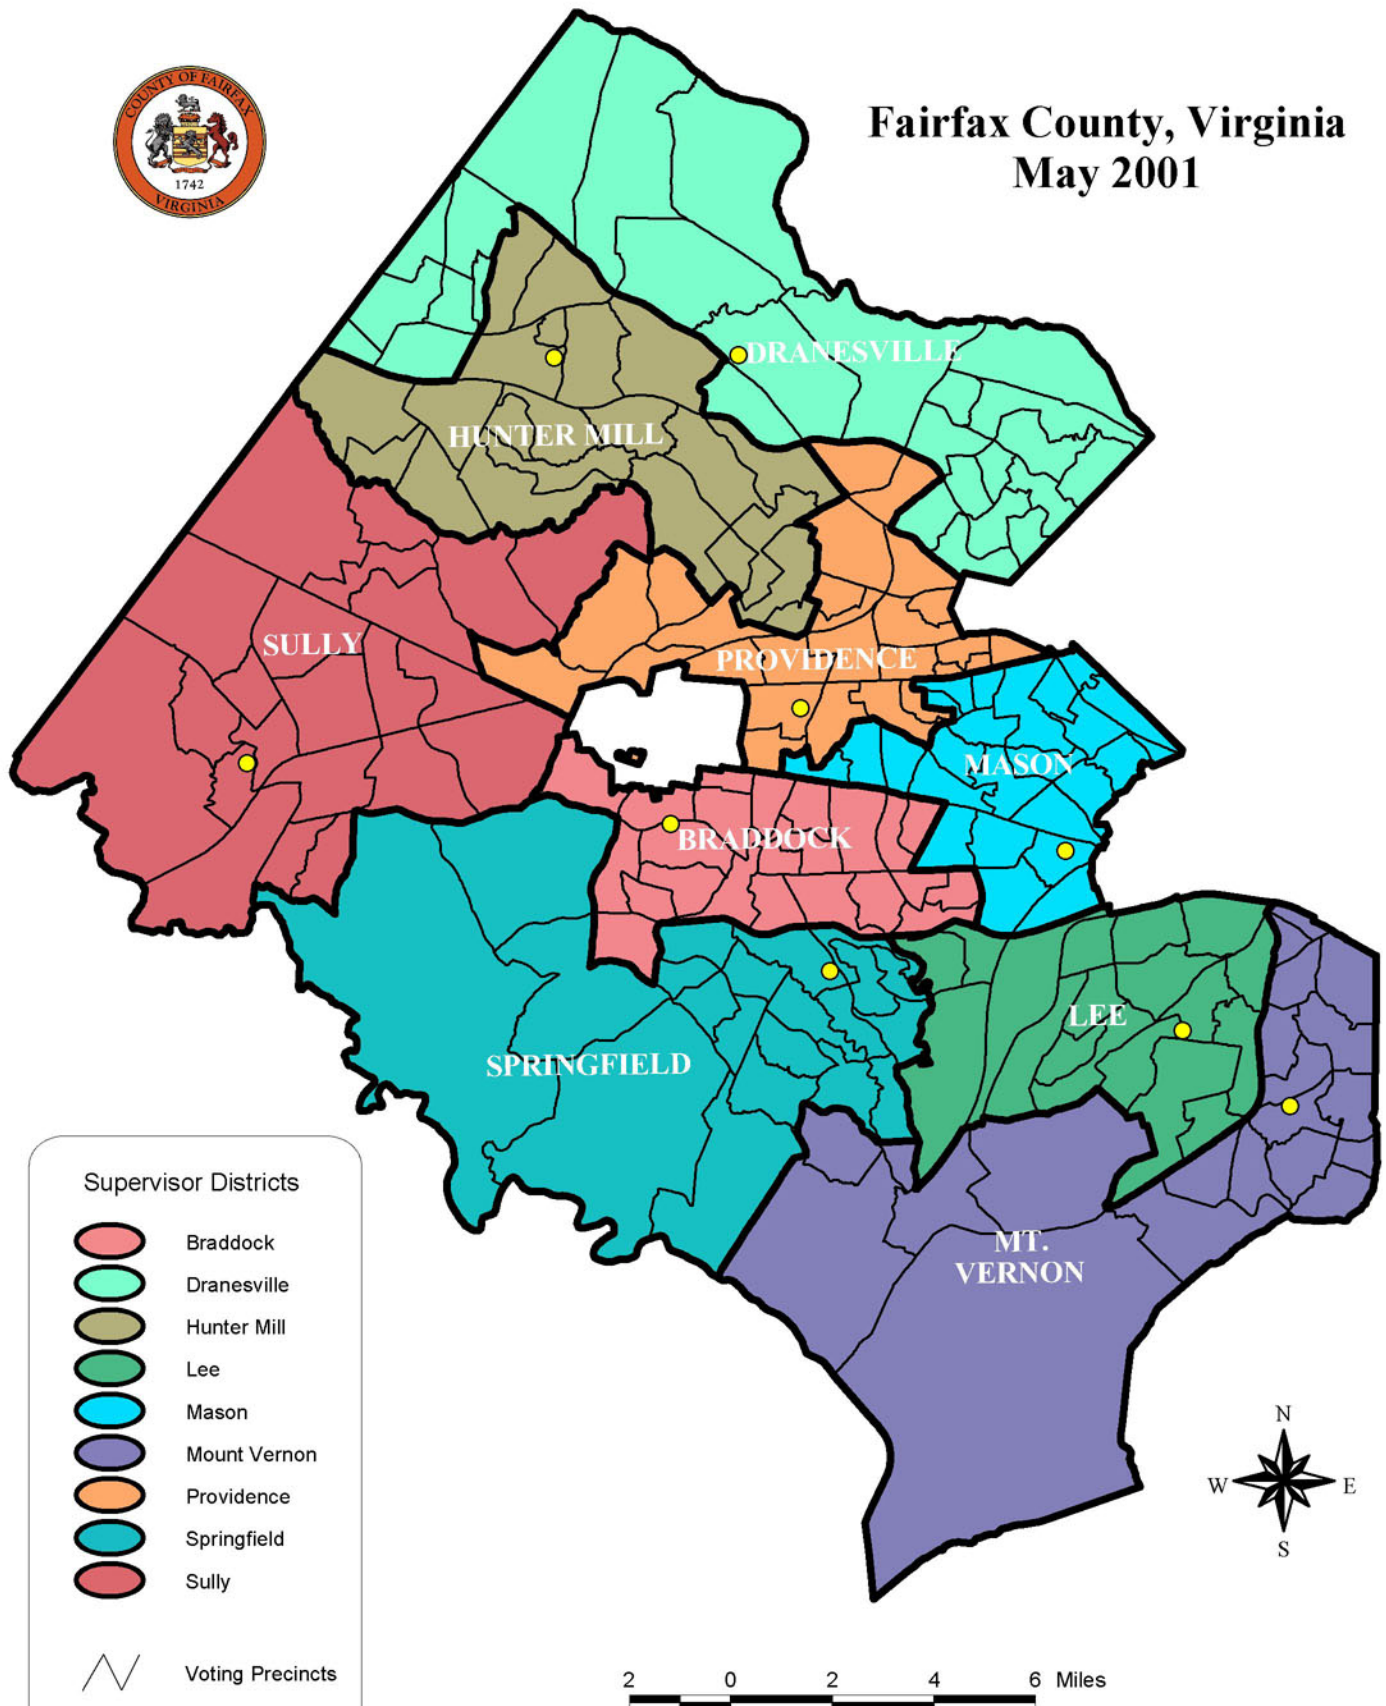

Third, in adopting new reapportionment plans for the Virginia State Senate and House of Delegates, the General Assembly utilized election districts that sometimes divided existing County precincts. The Board is expected to respond to those divisions by dividing the affected County precincts. County staff also prepared estimates of those divided precincts using Census block data, and a number of plans in this Report have utilized those estimates. However, because of time constraints, those precinct divisions are not reflected on the maps within this Report, and the reader should be careful to examine the written summary of each plan to see if there are any footnotes describing precinct divisions. With additional time, County staff expects to be able to reflect such divisions on election precinct maps. That detailed information may be of interest to the Board when it considers the alternatives proposed in this Report.

Finally, the plans contained in this Report have been grouped according to the number of proposed election districts for the members of the Board and according to similarities between plans. More specifically, the Report contains one eight-member plan, fifteen nine-member plans, and one ten-member plan. The eight- and ten-member plans are placed by themselves. The fifteen nine-member plans were arranged by the Chairman of the Committee into three groups, 9A, 9B, and 9C. No priority was intended by these groupings or by the order in which the plans are presented in the Report.

SUMMARY REPORT: PLAN 8A

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

There are no changes in actual precinct boundaries.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

This plan creates an option of Eight Magisterial Districts in lieu of the current nine, while creating a Tysons Economic dynamics district out of the current Providence District. Though this plan requires considerable disruption, the eight districts are composed of contiguous and compact territory as required.

DISTRICTS

3.HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Entirely eliminates one district, and two offices, but permits the shifting of the current office in Sully District, which would be in a precinct shifted to another district, to the office of the eliminated Hunter Mill District. The current Hunter Mill Supervisor would be most affected and various appointed representatives and commissioners may be affected, but would all be grandfathered.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

By creating a district with a Tyson's orientation, it permits the county to keep pace with the fast moving business events anticipated in the county over the next ten years. The Plan also offers a slight reorientation of the county to the West through the

reconfiguration of the Springfield, Braddock, and Providence Districts. This facilitates an appreciation and representation of the impending transportation and business growth in the area.

This plan also, by decreasing the number of supervisors by one, lessens the difficulty of potential tie votes on the Board and potentially reduces costs and time spent on decision making. The choice of Hunter Mill as the district to be abolished was entirely arbitrary. The elimination of any one district would accomplish the same goal.

The Plan remains within the acceptable population percentage variation.

This plan recognizes and allows for the inevitable growth through transformation of the Lorton complex in the Mt. Vernon District and a certain amount of continued growth in the Western districts, while recognizing the considerable lesser growth prospects in the older districts.

This plan attempts to straighten out the Mason District boundary along Route 50 and move toward a similar approach along Route 66.

The plan respects most townships and communities of interest, such as Centerville, Alexandria and Fairfax suburb areas. Tysons, Reston, Clifton, Great Falls and McLean. Fewer districts would more easily permit communities of interest to remain intact or to join.

This plan shows that planning for eight districts is possible.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

A major change of this magnitude would create many disruptions within certain geographical locations and would require the elimination of a magisterial district.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

This plan creates no recognizable effect on racial or language minorities.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

SUMMARY REPORT: PLAN 9A-1

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes. The plan abides by existing precinct boundaries and, in the case of Mount Eagle precinct, by a change being considered by the Board of Supervisors.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The focus of this plan is to increase Mount Vernon and Braddock Districts and to reduce Sully District by sufficient population to meet the minimum +5 percent population deviation from the ideal average. It also places large communities of interest together to the extent possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Mount Vernon District - Mount Vernon and Lee Districts are divided by Route 1 along four Lee District precincts (Mount Eagle, Groveton, Fairfield and Woodlawn). This plan transfers the northernmost (northern portion of Mount Eagle precinct) to Mt. Vernon. It also transfers Saratoga and Hunt precincts from Springfield to Mount Vernon District. This gives Mount Vernon District a population of 104,709, a deviation of -3 percent from the ideal average.

Lee District has a current population of 112,514, which is within the +5 percent deviation. The transfer of the new northern portion of Mount Eagle to Mount Vernon results in a Lee District population of 110,023, a deviation from the ideal average of +2 percent.

Springfield District has a current population of 101,032, slightly below the +5 percent allowed deviation. To offset the transfer of two precincts to Mount Vernon District (representing a population of 10,703) and four precincts to Braddock District (representing a population of 16,268), the addition of five precincts (Leehigh, Willow Springs, Greenbriar East, Greenbriar West and Newgate) to Springfield from Sully District results in a population of 111,545, a deviation of +4 percent from the ideal average.

Braddock District, with a population of 90,705, must increase by at least 11,655 to meet the minimum allowed deviation. As noted above, addition of four precincts from Springfield District (Burke Centre, Cardinal, Keene Mill, and Irving), plus addition of Fairfax "A" (the Adult Detention Center located within Fairfax City) creates a new Braddock District of 108,048, a deviation of 0 percent from the ideal average.

Sully District has a current population of 146,196 and must decrease in population by nearly 40,000 people to meet the ideal average of 107,750. The transfer of five precincts to Springfield District (see item 4, above) results in a population in Sully District of 108,712, a deviation from the ideal average of +1 percent.

Hunter Mill District--The Reston-Herndon Suburban Center is consolidated in the Hunter Mill District. This adds the following precincts from Dranesville District: Herndon #1, Herndon #2, Herndon #3, Hutchinson, and Stuart. The resulting Hunter Mill population is 105,930, a deviation of -2% from the ideal average.

Dranesville District would receive from Hunter Mill the following precincts: Colvin, Westbriar, Wolf Trap and Flint Hill. It would receive from Providence District the precincts north of Route 7-Tysons and Magarity. The resulting Dranesville District would have a population of 106,677, a -1% deviation from the ideal average.

Providence District would receive the town of Vienna from Hunter Mill District, and would send Walnut Hill #2 to Mason District, Tysons and Magarity precincts to Dranesville District, and Fairfax "A" to Braddock District. The resulting Providence District would have a population of 111,126, a deviation of +3 percent from the ideal average.

Mason District has a current population of 101,840, slightly below the allowed minimum deviation. The plan recommends addition of Walnut Hill #2 precinct to Mason District, resulting in a population of 102,989, a deviation of -4 percent from the ideal average.

ADVANTAGES

4 WHAT ARE THE ADVANTAGES OF THE PLAN?

Mount Vernon District - In order to supplement Mount Vernon's population by at least 11,000 people, it is receiving two communities of interest-Northern Mount Eagle precinct near the Huntington Metro station and the Hunt and Saratoga precincts.

Lee District remains nearly intact.

The Fairfax Center community of interest would be transferred in toto to Springfield District.

The Centreville community remains intact in Sully District, as requested.

The Reston-Herndon Suburban Center is consolidated in Hunter Mill District.

The town of Vienna is consolidated with Providence District, making that district more compact.

The Broyhill Park community is reunited, as requested.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

This plan transfers some communities of interest to other districts.

The numerous precinct changes are not required to achieve the necessary district population adjustments.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

Under this plan, the three districts in which the percentage of Asians, Blacks and Hispanics are the highest, now and as planned, are:

		Current	New
Asian			
	Providence	18.97%	17.30%
	Braddock	17.37%	16.56%
	Mason	16.77%	16.78%
Black			
	Mount Vernon	19.10%	app. 18.18%*
	Lee	18.15%	app 18.10%*
	Mason	9.39%	9.30%
Hispanic			
	Mason	23.53%	23.25%
	Lee	14.88%	14.52%
	Providence	13.36%	13.15%

* The new Mount Vernon District includes a portion of the new Mount Eagle precinct, for which the specific population and minority representation are not known.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency. No supervisor or School Board member is placed in a new district or placed in a district with another incumbent. All supervisors' offices would remain in their districts.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

Citizens, including business people, like a community of interest to be in one magisterial district. This plan tries to protect this consideration to the extent possible.

**DRAFT ORDINANCE REAPPORTIONING THE ELECTION DISTRICTS OF THE
MEMBERS OF THE BOARD OF SUPERVISORS**

ADVISORY COMMITTEE PLAN 9A-1

AN ORDINANCE to amend and readopt Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12, relating to the election districts of the members of the Board of Supervisors.

Be it ordained by the Board of Supervisors of Fairfax County:

1. That Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12 are amended and readopted as follows:

Section 7-2-1. Composition of the Board of Supervisors.

The Board of Supervisors of Fairfax County, Virginia (“Board”), shall be composed of one elected at-large chairman and nine members who are elected from single-member supervisor election districts.

Section 7-2-3. Election districts of the members of the Board.

Except for the Chairman whose election shall be controlled by Section 7-2-2, *supra*, the members of the Board shall be elected in accordance with state law from single-member election districts by the qualified voters of those districts. There shall be nine ~~(9)~~ election districts ~~which~~ that shall be named: Braddock, Hunter Mill, Dranesville, Lee, Mason, Mount Vernon, Providence, Springfield, and Sully.

Section 7-2-4. Braddock District.

The Braddock District shall consist of these election precincts: Bonnie Brae, Bristow, Burke Centre, Cardinal, Chapel, Fairfax Court (that part of Fairfax County containing the governmental complex which is surrounded by Fairfax City), Fairview, Heritage, Irving, Keene Mill, Kings Park, Lake Braddock, Laurel, Long Branch, North Springfield No. 1, North Springfield No. 2, North Springfield No. 3, Oak Hill, Olde Creek, Olley, Ravensworth, Robinson, Sideburn, Signal Hill, Villa, Wakefield, and Woodson.

Section 7-2-5. Hunter Mill District.

The Hunter Mill District shall consist of these election precincts: Aldrin, ~~Colvin~~, Dogwood, ~~Flint Hill~~, Floris, Fox Mill, Frying Pan, Glade, Herndon No. 1, Herndon No. 2, Herndon No. 3, Hunters Woods, Hutchison, North Point, Reston No. 1, Reston No. 2, Reston No. 3, South Lakes, Stuart, Sunrise Valley, and Terraset, ~~Vienna No. 1~~, ~~Vienna No. 2~~, ~~Vienna No. 4~~, ~~Vienna No. 6~~, ~~Westbriar~~, and ~~Wolftrap~~.

Section 7-2-6. Dranesville District.

The Dranesville District shall consist of these election precincts: Chain Bridge, Chesterbrook, Churchill, Clearview, Colvin, Cooper, El Nido, Flint Hill, Forestville, Great Falls, Haycock, ~~Herndon No. 1~~, ~~Herndon No. 2~~, ~~Herndon No. 3~~, Hickory, ~~Hutchison~~, Kenmore, Kirby, Langley, Longfellow, Magarity, McLean, Pimmit, Salona, Seneca, Shouse, ~~Stuart~~, Sugarland, Tysons, Westbriar, Westhampton, ~~and~~ Westmoreland and Wolftrap.

Section 7-2-7. Lee District.

The Lee District shall consist of these election precincts: Beulah, Bush Hill, Cameron, Crestwood, Fairfield, Franconia, Garfield, Groveton, Hayfield, Kingstowne, Lynbrook, ~~Mount Eagle~~,¹ Pioneer, Rose Hill, Van Dorn, Villages, Virginia Hills, and Woodlawn.

Section 7-2-8. Mason District.

The Mason District shall consist of these election precincts: Baileys, Barcroft, Belvedere, Bren Mar, Brook Hill, Camelot, Columbia, Edsall, Glen Forest, Holmes, Hummer, Lincolnia, Masonville, Parklawn, Poe, Ravenwood, Ridgelea, Skyline, Sleepy Hollow, Saint Albans, Walnut Hill No. 1, Walnut Hill No. 2, Westlawn, Weyanoke, Whittier, and Willston.

¹ On May 7, 2001, the Board authorized staff to advertise a public hearing to consider, among other issues, an ordinance to divide several precincts to conform to the boundaries for the newly-established House of Delegates and Senate districts. That proposed ordinance would divide Mount Eagle into three portions (Mount Eagle North, Mount Eagle Central, and Mount Eagle South). The public hearing is scheduled for May 21, 2001. The plan creators suggest that the proposed Mount Eagle North precinct, with a population of 2,491, be transferred to Mount Vernon District, with the remainder of the existing Mount Eagle precinct (proposed Mount Eagle Central and Mount Eagle South, with a combined population of 4,891) left in Lee District.

Section 7-2-9. Mount Vernon District.

The Mount Vernon District shall consist of these election precincts: Belle Haven, Bellevue, Belvoir, Bucknell, DeLong, Fort Hunt, Grosvenor, Gunston, Hollin Hall, Hunt, Huntington, Kirkside, Lorton, Marlan, Mount Eagle,² Newington, Pohick Run, Saratoga, Sherwood, Stratford, Waynewood, Westgate, Whitman, and Woodley.

Section 7-2-10. Providence District.

The Providence District shall consist of these election precincts: Blake, ~~Fairfax Court~~ (that part of Fairfax County containing the governmental complex which is surrounded by ~~Fairfax City~~), Fort Buffalo, Freedom Hill, Graham, Greenway, ~~Magarity~~, Mantua, Marshall, Merrifield, Mosby, Nottoway, Oak Marr, Oakton, Penderbrook, Pine Ridge, Pine Spring, Price, Shreve, Stenwood, Thoreau, Timber Lane, ~~Tysons~~, Vienna No. 1, Vienna No. 2, Vienna No. 4, Vienna No. 6, Walker, ~~Walnut Hill No. 2~~, and Woodburn.

Section 7-2-11. Springfield District.

The Springfield District shall consist of these election precincts: Burke, ~~Burke Centre, Cardinal~~, Cherry Run, Clifton, Fairfax Station, Greenbriar East, Greenbriar West, Hunt, Irving, Keene Mill, Leehigh, Newgate, Orange, Parkway, Pohick, Popes Head, Sangster, Saratoga, Silverbrook, Terra Centre, Valley, West Springfield, White Oaks, Willow Springs, and Woodyard.

Section 7-2-12. Sully District.

The Sully District shall consist of these election precincts: Centre Ridge, Centreville, Chantilly, Cub Run, Deer Park, Dulles, Franklin, ~~Greenbriar East, Greenbriar West~~, Green Trails, Kinross, ~~Leehigh~~, Lees Corner, London Towne, Navy, ~~Newgate~~, Rocky Run, Stone, Vale, Virginia Run, and Waples Mill ~~and Willow Springs~~.

² See footnote 1 regarding suggested adjustments to Mount Eagle precinct.

2. That this ordinance shall become effective on adoption, but it shall be enforced only after satisfactory completion of the federal preclearance procedure provided by Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. § 1973c.

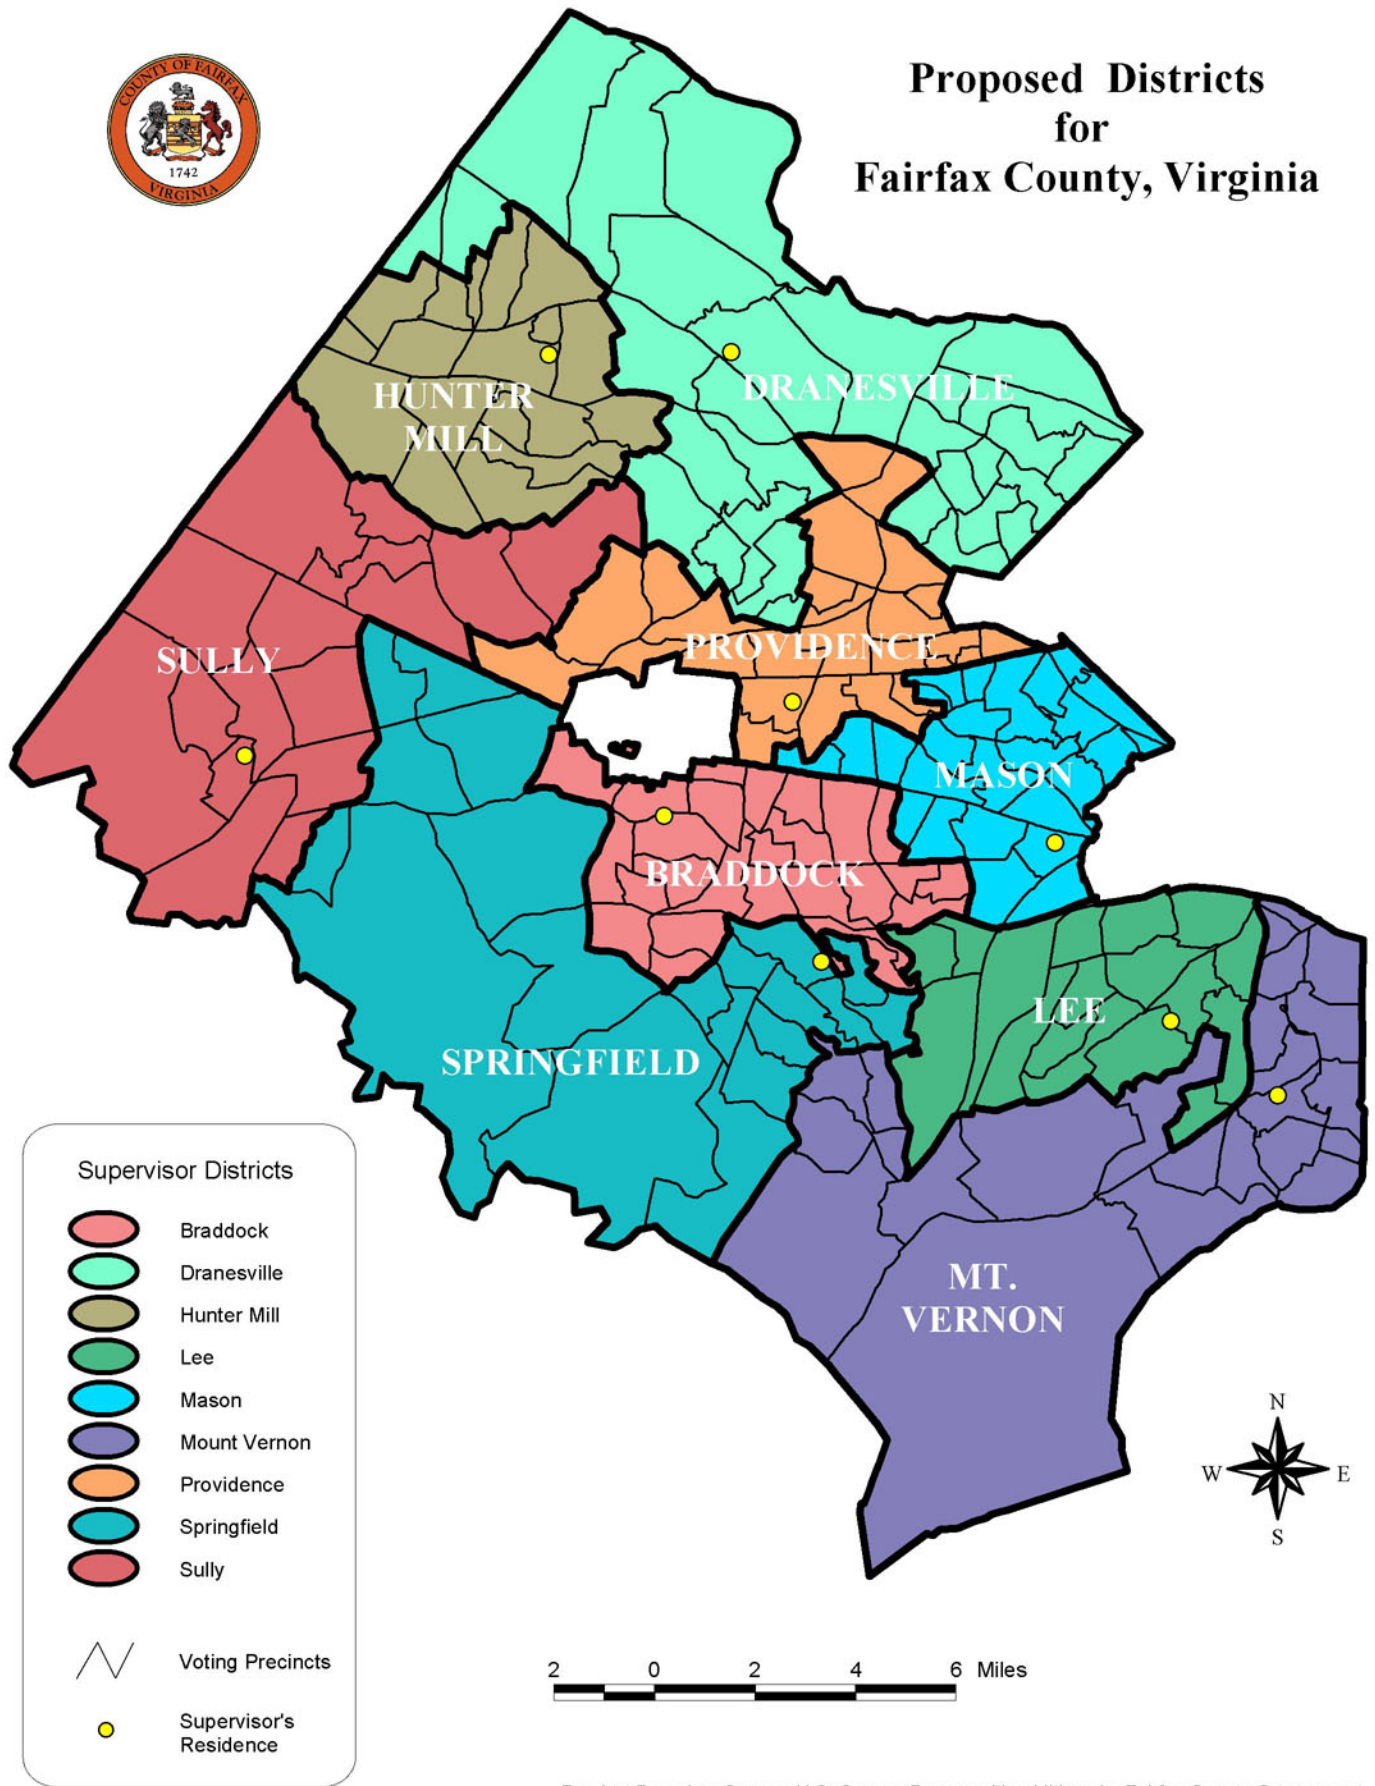

GIVEN under my hand this ____ day of June 2001.

Nancy Vehrs
Clerk to the Board of Supervisors

Reapportionment Plan 9A-2

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9A-2

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

No precinct boundaries were changed.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

To keep communities intact and keep districts contiguous.

To try to match the State's change in Virginia Senatorial District 36- This Senatorial district now has Reston-Herndon, not Reston/ Vienna.

The plan represents the Reston-Herndon Suburban Center.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

All districts are balanced.

Size of districts fall into the 5% rule.

No elected officials are moved.

The Reston/Herndon community of interest is maintained.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

Would strengthen community of interests within Hunter Mill and Dranesville without much disruption elsewhere.

Pays attention to Reston-Herndon Suburban center.

Follows changes made by the Commonwealth. State Senatorial District 36 now represents Reston-Herndon not Reston-Vienna as in the past.

The communities of Herndon and Reston are used to hearing "Herndon-Reston" this and that. No one speaks of Reston-Vienna in one breath as they do Reston-Herndon. Much stronger community of interests.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

A few residents of Herndon and/or Vienna might object to changing their District.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

We have tried to have little or no effect on Racial and language minorities.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

No incumbents are moved.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

Basically a repeat of the above. The Reston and Herndon communities have worked together for many years with organizations being named Reston-Herdon or Herndon-Reston....

This will simplify the voting process. Ballots can be prepared for State Senate and BOS with the same candidates in Reston and Herndon.

GIVEN under my hand this ____ day of June 2001.

Nancy Vehrs
Clerk to the Board of Supervisors

Reapportionment Plan 9B-1

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9B-1

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

Minimize disruption is the main theme.

Meet all legal requirements and keep communities interests together as much as possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Yes, there are no changes in precinct boundaries. However, rather than move all of Mt. Eagle into Mt. Vernon, or leaving it all in Lee, putting the Jefferson Manor portion of the now-split Mt. Eagle precinct into Mt. Vernon would place all the area around Huntington Metro into one district.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

All variations of this plan attempt to provide the least disruption to existing districts and communities of interest.

No change to any government center locations, and all existing elected officials remain in their districts.

The Towns of Clifton, Herndon and Vienna and the communities of Reston, Centreville and McLean remain intact. With the Bristow precinct variation (to Mason), the Annandale CBD is now included in one district. In all versions Burke Centre is placed in one district (Braddock).

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Mt. Vernon becomes more elongated by picking up more population in the west.

Communities of Reston and Herndon remain separate in 2 districts.

Shape of Providence District remains elongated around the Town of Vienna.

Cannot be exactly calibrated due to redistricting/new precinct borders recently enacted by the State (e.g., Mt. Eagle precinct).

No plan can work for everyone.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

This plan does not adversely effect racial and/or language minorities. The percentages of all minorities are higher in all districts.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

There are several variations of this plan presented. Variables include putting Lehigh, Cardinal, Keene Mill, and/or White Oaks into Braddock, Woodlawn in Mt. Vernon, Mt. Eagle in Mt. Vernon, Bristow into Mason, Ft. Buffalo into Mason, and Colvin into Dranesville.

Clerk to the Board of Supervisors

Reapportionment Plan 9B-2

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9B-2

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

Minimize disruption is the main theme.

Meet all legal requirements and keep communities interests together as much as possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Yes, there are no changes in precinct boundaries. However, rather than move all of Mt. Eagle into Mt. Vernon, or leaving it all in Lee, putting the Jefferson Manor portion of the now-split Mt. Eagle precinct into Mt. Vernon would place all the area around Huntington Metro into one district.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

All variations of this plan attempt to provide the least disruption to existing districts and communities of interest.

No change to any government center locations, and all existing elected officials remain in their districts.

The Towns of Clifton, Herndon and Vienna and the communities of Reston, Centreville and McLean remain intact. With the Bristow precinct variation (to Mason), the Annandale CBD is now included in one district. In all versions Burke Centre is placed in one district (Braddock).

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Mt. Vernon becomes more elongated by picking up more population in the west.

Communities of Reston and Herndon remain separate in 2 districts.

Shape of Providence District remains elongated around the Town of Vienna.

Cannot be exactly calibrated due to redistricting/new precinct borders recently enacted by the State (e.g., Mt. Eagle precinct).

No plan can work for everyone.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

This plan does not adversely effect racial and/or language minorities. The percentages of all minorities are higher in all districts.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency for all elected officials.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

There are several variations of this plan presented. Variables include putting Lehigh, Cardinal, Keene Mill, and/or White Oaks into Braddock, Woodlawn in Mt. Vernon, Mt. Eagle in Mt. Vernon, Bristow into Mason, Ft. Buffalo into Mason, and Colvin into Dranesville.

Clerk to the Board of Supervisors

Reapportionment Plan 9B-3

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9B-3

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

Minimize disruption is the main theme.

Meet all legal requirements and keep communities interests together as much as possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Yes, there are no changes in precinct boundaries. However, rather than move all of Mt. Eagle into Mt. Vernon, or leaving it all in Lee, putting the Jefferson Manor portion of the now-split Mt. Eagle precinct into Mt. Vernon would place all the area around Huntington Metro into one district.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

All variations of this plan attempt to provide the least disruption to existing districts and communities of interest.

No change to any government center locations, and all existing elected officials remain in their districts.

The Towns of Clifton, Herndon and Vienna and the communities of Reston, Centreville and McLean remain intact. With the Bristow precinct variation (to Mason), the Annandale CBD is now included in one district. In all versions Burke Centre is placed in one district (Braddock).

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Mt. Vernon becomes more elongated by picking up more population in the west.

Communities of Reston and Herndon remain separate in 2 districts.

Shape of Providence District remains elongated around the Town of Vienna.

Cannot be exactly calibrated due to redistricting/new precinct borders recently enacted by the State (e.g., Mt. Eagle precinct).

No plan can work for everyone.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

This plan does not adversely effect racial and/or language minorities. The percentages of all minorities are higher in all districts.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency for all elected officials.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

There are several variations of this plan presented. Variables include putting Lehigh, Cardinal, Keene Mill, and/or White Oaks into Braddock, Woodlawn in Mt. Vernon, Mt. Eagle in Mt. Vernon, Bristow into Mason, Ft. Buffalo into Mason, and Colvin into Dranesville.

SUMMARY REPORT: PLAN 9B-4

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes, there are no changes in precinct boundaries. However, rather than move all of Mt. Eagle into Mt. Vernon, or leaving it all in Lee, putting the Jefferson Manor portion of the now-split Mt. Eagle precinct into Mt. Vernon would place all the area around Huntington Metro into one district.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

Minimize disruption is the main theme.

Meet all legal requirements and keep communities interests together as much as possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

All variations of this plan attempt to provide the least disruption to existing districts and communities of interest.

No change to any government center locations, and all existing elected officials remain in their districts.

The Towns of Clifton, Herndon and Vienna and the communities of Reston, Centreville and McLean remain intact. With the Bristow precinct variation (to Mason), the Annandale CBD is now included in one district. In all versions Burke Centre is placed in one district (Braddock).

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Mt. Vernon becomes more elongated by picking up more population in the west.

Communities of Reston and Herndon remain separate in 2 districts.

Shape of Providence District remains elongated around the Town of Vienna.

Cannot be exactly calibrated due to redistricting/new precinct borders recently enacted by the State (e.g., Mt. Eagle precinct).

No plan can work for everyone.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

This plan does not adversely effect racial and/or language minorities. The percentages of all minorities are higher in all districts.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency for all elected officials.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

There are several variations of this plan presented. Variables include putting Lehigh, Cardinal, Keene Mill, and/or White Oaks into Braddock, Woodlawn in Mt. Vernon, Mt. Eagle in Mt. Vernon, Bristow into Mason, Ft. Buffalo into Mason, and Colvin into Dranesville.

**DRAFT ORDINANCE REAPPORTIONING THE ELECTION DISTRICTS OF THE
MEMBERS OF THE BOARD OF SUPERVISORS**

ADVISORY COMMITTEE PLAN 9B-4

AN ORDINANCE to amend and readopt Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12, relating to the election districts of the members of the Board of Supervisors.

Be it ordained by the Board of Supervisors of Fairfax County:

1. That Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12 are amended and readopted as follows:

Section 7-2-1. Composition of the Board of Supervisors.

The Board of Supervisors of Fairfax County, Virginia (“Board”), shall be composed of one elected at-large chairman and nine members who are elected from single-member supervisor election districts.

Reapportionment Plan 9B-5

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9B-5

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes. The plan abides by existing precinct boundaries.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The focus of this plan is to increase Mount Vernon and Braddock Districts and to reduce Sully District by sufficient population to meet the minimum ± 5 percent population deviation from the ideal average of 107,750 while impacting other districts and communities of interest as little as possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Mount Vernon District receives Woodlawn precinct from Lee District. It also receives Saratoga and Hunt precincts from Springfield District.

Lee District transfers Woodlawn precinct to Mount Vernon District.

Springfield District transfers Saratoga and Hunt precincts to Mount Vernon District and the following four precincts to Braddock District: Cardinal, Keene Mill, Irving and Burke Centre. Springfield District receives the following five precincts from Sully District: Leehigh, Willow Springs, Greenbriar East, Greenbriar West, and Newgate.

Braddock District receives the following four precincts from Springfield District: Burke Centre, Cardinal, Keene Mill, and Irving. It also receives Fairfax "A" (the Adult Detention Center located within Fairfax City) from Providence District.

Sully District transfers five precincts to Springfield District: Leehigh, Willow Springs, Greenbriar East, Greenbriar West, and Newgate.

Hunter Mill District receives Stuart precinct in northern Reston from Dranesville District in exchange for Colvin precinct.

Dranesville District has a current population of 106,155, a slight deviation from the ideal average. Receiving Colvin precinct from Hunter Mill in exchange for Stuart precinct results in a Dranesville District population of 104,891, a deviation of -3 percent from the ideal average.

Providence District transfers Fairfax “A” to Braddock District and Walnut Hill #2 to Mason District.

Mason District receives Walnut Hill #2 precinct from Providence District.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

This plan makes a minimum number of changes to accomplish the necessary population changes in some districts.

Mount Vernon District – The Woodlawn precinct being added to Mount Vernon is on the west side of Route 1 adjacent to Belvoir precinct, currently in Mount Vernon District.

Springfield District – Four of the five precincts added to Springfield from Sully (Leehigh, Willow Springs, Greenbriar East, Greenbriar West) are adjacent precincts in the Fair Oaks/Fairfax Center area and are considered a community of interest. The fifth precinct, Newgate, is more closely aligned with the Clifton area and would fit well in the Springfield District.

Braddock District - The Cardinal, Keene Mill, and Irving precincts being transferred to Braddock are a community of interest south of Kings Park and Ravensworth precincts. Burke Center precinct is immediately east of Fairview precinct, currently in Braddock District.

Sully District – To reduce the size of Sully, the proposal removes one general community of interest (two Greenbriar precincts, Leehigh and Willow Springs), transferring it intact to Springfield District. Newgate precinct, also transferred to Springfield, fits well with the Clifton community in Springfield District.

Hunter Mill District – Restonians consider Stuart precinct, currently in Dranesville District, a part of the Reston community and would like it part of Hunter Mill District.

Mason District - Members of the Broyhill Park community in Walnut Hill #2 precinct desire to be returned to Mason District to reunify their community which was divided when the Walnut Hill precinct was split in 1981. This plan accomplishes that reunification.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Sully District – There are mixed feelings by community members about the transfer of the Newgate precinct to Springfield District. Some support this transfer; others oppose it.

Hunter Mill, Dranesville, Braddock, Mason and Providence Districts – Some feel that no changes are required in these “northern” districts. It is true that these districts can remain

as they are if Mason District is supplemented from Braddock, both of which need more population. We feel that it is preferable not to reduce Braddock to make Mason District “whole.” The plan also accommodates the Reston community, which would like Stuart precinct added to it. These few changes result in a transfer of three precincts among these five districts.

Braddock District – This should not be an objection, but this plan transfers Fairfax “A” from Providence to Braddock District. It could be assigned to either district.

RACIAL/LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

Under this plan, the three districts in which the percentage of Asians, Blacks and Hispanics are the highest, now and as planned, are:

		Current	New
Asian			
	Providence	18.97%	18.82%
	Braddock	17.37%	16.56%
	Mason	16.77%	16.78%
Black			
	Mount Vernon	19.10%	
	Lee	18.15%	
	Mason	9.39%	9.30%
Hispanic			
	Mason	23.53%	23.36%
	Lee	14.88%	
	Providence	13.36%	13.64%

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency. No supervisor or School Board member is placed in a new district or placed in a district with another incumbent. Planning Commissioners representing districts would also remain in their current districts.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

Citizens, including business people, like a community of interest to be in one magisterial district. This plan tries to protect this consideration to the extent possible.

SUMMARY REPORT: PLAN 9B-6

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes. The plan abides by existing precinct boundaries and, in the case of Mount Eagle precinct, by a change being considered by the Board of Supervisors.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The focus of this plan is to increase Mount Vernon and Braddock Districts and to reduce Sully District by sufficient population to meet the minimum ± 5 percent population deviation from the ideal average of 107,750 while impacting other districts and communities of interest as little as possible.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

Mount Vernon District receives the northern portion of Mount Eagle precinct from Lee District. It also receives Saratoga and Hunt precincts from Springfield District.

Lee District transfers the northern portion of Mount Eagle precinct to Mount Vernon District.

Springfield District transfers Saratoga and Hunt precincts to Mount Vernon District and the following four precincts to Braddock District: Cardinal, Keene Mill, Irving and Burke Centre. Springfield District receives the following five precincts from Sully District: Leehigh, Willow Springs, Greenbriar East, Greenbriar West, and Newgate.

Braddock District receives the following four precincts from Springfield District: Cardinal, Keene Mill, Irving, and Burke Centre. It also receives Fairfax "A" (the Adult Detention Center located within Fairfax City) from Providence District.

Sully District transfers five precincts to Springfield District: Leehigh, Willow Springs, Greenbriar East, Greenbriar West, and Newgate.

Hunter Mill District receives Stuart precinct in northern Reston from Dranesville District in exchange for Colvin precinct.

Dranesville District receives Colvin precinct from Hunter Mill in exchange for Stuart precinct.

Providence District transfers Fairfax "A" to Braddock District and Walnut Hill #2 to Mason District.

Mason District receives Walnut Hill #2 precinct from Providence District.

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

This plan makes a minimum number of changes to accomplish the necessary population changes in some districts.

Mount Vernon District would receive the new northern portion of Mount Eagle precinct from Lee District, which is adjacent to the Huntington Metro station precinct and is a part of that community. The two Springfield precincts are directly north of Newington and Delong precincts, already in Mount Vernon District.

Springfield District – Four of the five precincts added to Springfield from Sully (Leehigh, Willow Springs, Greenbriar East, Greenbriar West) are adjacent precincts in the Fair Oaks/Fairfax Center area and are considered a community of interest. The fifth precinct, Newgate, is more closely aligned with the Clifton area and would fit well in the Springfield District.

Braddock District - The Cardinal, Keene Mill, and Irving precincts being transferred to Braddock are a community of interest south of Kings Park and Ravensworth precincts. Burke Center precinct is immediately east of Fairview precinct, currently in Braddock District.

Sully District – To reduce the size of Sully, the proposal removes one general community of interest (two Greenbriar precincts, Leehigh and Willow Springs), transferring it intact to Springfield District. Newgate precinct, also transferred to Springfield, fits well with the Clifton community in Springfield District.

Hunter Mill District – Restonians consider Stuart precinct, currently in Dranesville District, a part of the Reston community and would like it part of Hunter Mill District.

Mason District - Members of the Broyhill Park community in Walnut Hill #2 precinct desire to be returned to Mason District to reunify their community which was divided when the Walnut Hill precinct was split in 1981. This plan accomplishes that reunification.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Sully District – There are mixed feelings by community members about the transfer of the Newgate precinct to Springfield District. Some support this transfer; others oppose it.

Hunter Mill, Dranesville, Braddock, Mason and Providence Districts – Some feel that no changes are required in these “northern” districts. It is true that these districts can remain as they are if Mason District is supplemented from Braddock, both of which need more population. We feel that it is preferable not to reduce Braddock District to make Mason District “whole.” The

plan also accommodates the Reston community, which would like Stuart precinct added to it. These few changes result in a transfer of three precincts among these five districts.

Braddock District – This should not be an objection, but this plan transfers Fairfax “A” from Providence to Braddock District. It could be assigned to either district.

RACIAL/LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

Under this plan, the three districts in which the percentage of Asians, Blacks and Hispanics are the highest, now and as planned, are:

		Current	New
Asian			
	Providence	18.97%	18.82%
	Braddock	17.37%	16.56%
	Mason	16.77%	16.78%
Black			
	Mount Vernon	19.10%	app. 19.10%*
	Lee	18.15%	app. 18.15%*
	Mason	9.39%	9.30%
Hispanic			
	Mason	23.53%	23.36%
	Lee	14.88%	app. 14.88%*
	Providence	13.36%	13.64%

* This plan transfers the northern portion of the split Mount Eagle precinct from Lee to Mount Vernon District. Demographic census data for portions of precincts was not available.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency. No supervisor or School Board member is placed in a new district or placed in a district with another incumbent. Planning Commissioners representing districts would also remain in their current districts.

OTHER FEATURES**8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?**

Citizens, including business people, like a community of interest to be in one magisterial district. This plan tries to protect this consideration to the extent possible.

Clerk to the Board of Supervisors

Reapportionment Plan 9B-7

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT PLAN: 9B-7

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes, there are no changes in precinct boundaries.

THEME

1. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The central thrust of this plan is to try and maintain current district boundaries as much as possible by making a minimal number of changes. This plan makes 16 precinct changes for a 7% precinct change in the existing districts.

It meets all legal requirements, keeps community interests intact, causes minimal disruption, and preserves all existing ethnic communities of interest.

This plan has the support of at least five members of the committee, including members representing minority groups.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

It is the least disruptive plan and should have the least cost and confusion to implement. Over time, current supervisors and school board members have become familiar with the people, neighborhoods, and problems and successes of their districts. Likewise, the residents have become familiar with the officials that represent them and where their local government centers are located, not to mention their polling places.

This plan avoids making any dramatic changes to existing boundaries and communities of interest. Indeed, this plan observes incumbency. No supervisor or school board member is placed in a new district or placed in the same district as another incumbent. Similarly, this plan does not change any government center locations or necessitate adding a new one.

This plan avoids breaking up existing towns like Clifton, Herndon and Vienna and communities like Reston, Centreville and McLean. More importantly, as these towns (the outlying communities in some cases) have expanded, this plan recognizes their greater commonality of interests and takes two precincts and moves them into the same districts in the case of Newgate and Stuart. Newgate has a Clifton address and is the only Sully precinct bordering Centreville that is not a part of Centreville, and is moved from

Sully into Springfield to join with Clifton. Stuart is more a part of Reston and is moved into Hunter Mill from Dranesville to join with the other Reston precincts. Vienna maintains its precinct boundaries within Hunter Mill.

This plan would recommend the renaming of the Springfield District in that much of Springfield can be found in Braddock and, the Springfield District moved westward. A possible name change could be Clifton Station (from Clifton and Fairfax Station -- the new center region of the district).

This plan makes three small changes to Mt. Vernon recognizing that Mt. Vernon will have tremendous growth in the near term due to Lorton development.

This plan preserves an important portion of the Richmond Highway revitalization area under two districts, Lee and Mt. Vernon.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Should be minimal due to the fact that minor changes were made and boundaries are commonsensically drawn to avoid confusion to its residents.

This plan cannot address the objections of ten years ago to the current apportionment due to population increases.

This plan effects Braddock, Springfield and Sully more than the other districts, because of Sully's extreme growth and in the interest of congruity.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

Under this plan there is no adverse effect to racial and/or language minorities. The percentages of all minorities are almost identical in all districts.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency. (See #3 under "Advantages")

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

Not on the map are two changes: Mt. Eagle has been split. The northern section of Mt. Eagle precinct with 2,491 residents moves from Lee to Mt. Vernon, and the eastern section of Cameron precinct with 1505 residents moves to Mt. Vernon. Then the

following contingency is necessary and recommended. This would give Mt. Vernon a total of 103,464 and Lee a total of 105,900, well within the plus or minus %5.

Between Mason and Providence the Walnut Hill 1 and Walnut Hill 2 precincts are placed together again in Mason.

Recommends splitting the Garfield precinct along the Fairfax County Parkway and add the southern piece to Mt. Vernon for these two key reasons: 1. A large industrial area already separates the communities south of the large Newington/Fullerton Industrial parks and the Engineer Proving Grounds (EPG), leaving them feeling disenfranchised from Lee District. This area should be added to the current Mt. Vernon precinct Delong which is extraordinarily small (1953 residents) already and just across the road. Garfield has a population of over 6500 currently and will experience explosive growth once the EPG is developed.

In Sully, the Greenbriar East and West stay together.

Also in Sully, Franklin (home of the Sully Plantation) and Kinross precincts stay together as they are a community of interest.

Notes: The ideal population for a nine district plan is 107,750 persons.

The racial categories labeled Black, American Indian, Asian and Pacific Islander include those persons who indicated only those races and those persons who indicated that they were a combination of the labeled race and White.

The northern section of the Mount Eagle Precinct (2,491) and the eastern section of Cameron Precinct (1,505) are transferred to Mount Vernon, resulting in a Mount Vernon District of 103,464 and a Lee District of 105,900.

**DRAFT ORDINANCE REAPPORTIONING THE ELECTION DISTRICTS OF THE
MEMBERS OF THE BOARD OF SUPERVISORS**

ADVISORY COMMITTEE PLAN 9B-7

AN ORDINANCE to amend and readopt Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12, relating to the election districts of the members of the Board of Supervisors.

Be it ordained by the Board of Supervisors of Fairfax County:

1. That Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12 are amended and readopted as follows:

Section 7-2-1. Composition of the Board of Supervisors.

The Board of Supervisors of Fairfax County, Virginia (“Board”), shall be composed of one elected at-large chairman and nine members who are elected from single-member supervisor election districts.

Section 7-2-3. Election districts of the members of the Board.

Except for the Chairman whose election shall be controlled by Section 7-2-2, *supra*, the members of the Board shall be elected in accordance with state law from single-member election districts by the qualified voters of those districts. There shall be nine (9) election districts ~~which~~ that shall be named: Braddock, Hunter Mill, Dranesville, Lee, Mason, Mount Vernon, Providence, Springfield, and Sully.

Section 7-2-4. Braddock District.

The Braddock District shall consist of these election precincts: Bonnie Brae, Bristow, Burke Centre, Cardinal, Chapel, Fairview, Heritage, Kings Park, Lake Braddock, Laurel, Long Branch, North Springfield No. 1, North Springfield No. 2, North Springfield No. 3, Oak Hill, Olde Creek, Olley, Parkway, Ravensworth, Robinson, Sideburn, Signal Hill, Terra Centre, Villa, Wakefield, White Oaks, and Woodson.

Section 7-2-5. Hunter Mill District.

The Hunter Mill District shall consist of these election precincts: Aldrin, ~~Colvin~~, Dogwood, Flint Hill, Floris, Fox Mill, Frying Pan, Glade, Hunters Woods, North Point, Reston No. 1, Reston No. 2, Reston No. 3, South Lakes, Stuart, Sunrise Valley, Terraset, Vienna No. 1, Vienna No. 2, Vienna No. 4, Vienna No. 6, Westbriar, and Wolftrap.

Section 7-2-6. Dranesville District.

The Dranesville District shall consist of these election precincts: Chain Bridge, Chesterbrook, Churchill, Clearview, Colvin, Cooper, El Nido, Forestville, Great Falls, Haycock, Herndon No. 1, Herndon No. 2, Herndon No. 3, Hickory, Hutchison, Kenmore, Kirby, Langley, Longfellow, McLean, Pimmit, Salona, Seneca, Shouse, ~~Stuart~~, Sugarland, Westhampton, and Westmoreland.

Section 7-2-7. Lee District.

The Lee District shall consist of these election precincts: Beulah, Bush Hill, Cameron¹, Crestwood, Fairfield, Franconia, Garfield, Groveton, Hayfield, Kingstowne, Lynbrook, Mount Eagle², Pioneer, Rose Hill, Saratoga, Van Dorn, Villages, and Virginia Hills, ~~and Woodlawn~~.

Section 7-2-8. Mason District.

The Mason District shall consist of these election precincts: Baileys, Barcroft, Belvedere, Bren Mar, Brook Hill, Camelot, Columbia, Edsall, Glen Forest, Holmes, Hummer, Lincolnia, Masonville, Parklawn, Poe, Ravenwood, Ridgelea, Skyline, Sleepy Hollow, Saint Albans, Walnut Hill No. 1, Walnut Hill No. 2, Westlawn, Weyanoke, Whittier, and Willston.

¹ On May 7, 2001, the Board authorized staff to advertise a public hearing to consider, among other issues, an ordinance to divide several precincts to conform to the boundaries for the newly-established House of Delegates and Senate districts. That proposed ordinance would divide Mount Eagle into three portions (Mount Eagle North, Mount Eagle Central, and Mount Eagle South) and would divide Cameron into two portions (Cameron East and Cameron West). The public hearing is scheduled for May 21, 2001. The plan creators suggest that the proposed Mount Eagle North precinct, with a population of 2,491, be transferred to Mount Vernon District, with the remainder of the existing Mount Eagle precinct (proposed Mount Eagle Central and Mount Eagle South, with a combined population of 4,891) left in Lee District. The plan creators also suggest that the the proposed Cameron East precinct (with a population of 1,505) be transferred to Mount Vernon, with the remainder (proposed Cameron West precinct, with a population of 3,293) left in Lee District. The plan creators have calculated that these adjustments would result in a Mount Vernon District totaling 103,464, and a Lee District totaling 105,900.

² See footnote 1.

Section 7-2-9. Mount Vernon District³.

The Mount Vernon District shall consist of these election precincts: Belle Haven, Belleview, Belvoir, Bucknell, DeLong, Fort Hunt, Grosvenor, Gunston, Hollin Hall, Huntington, Kirkside, Lorton, Marlan, Newington, Pohick Run, Sherwood, Stratford, Waynewood, Westgate, Whitman, Woodlawn, and Woodley.

Section 7-2-10. Providence District.

The Providence District shall consist of these election precincts: Blake, Fairfax Court (that part of Fairfax County containing the governmental complex which is surrounded by Fairfax City), Fort Buffalo, Freedom Hill, Graham, Greenway, Magarity, ~~Mantua~~, Marshall, Merrifield, Mosby, Nottoway, Oak Marr, Oakton, Penderbrook, Pine Ridge, Pine Spring, Price, Shreve, Stenwood, Thoreau, Timber Lane, Tysons, Walker, ~~Walnut Hill No. 2~~, and Woodburn.

Section 7-2-11. Springfield District.

The Springfield District shall consist of these election precincts: Burke, ~~Burke Centre~~, ~~Cardinal~~, Cherry Run, Clifton, Fairfax Station, Greenbriar East, Greenbriar West, Hunt, Irving, Keene Mill, Leehigh, Newgate, Orange, ~~Parkway~~, Pohick, Popes Head, Sangster, ~~Saratoga~~, Silverbrook, ~~Terra Centre~~, Valley, West Springfield, ~~White Oaks~~, Willow Springs, and Woodyard.

Section 7-2-12. Sully District.

The Sully District shall consist of these election precincts: Centre Ridge, Centreville, Chantilly, Cub Run, Deer Park, Dulles, Franklin, ~~Greenbriar East~~, ~~Greenbriar West~~, Green Trails, Kinross, ~~Leehigh~~, Lees Corner, London Towne, Navy, ~~Newgate~~, Rocky Run, Stone, Vale, Virginia Run, and Waples Mill ~~and Willow Springs~~.

³ See footnote 1, precinct adjustments suggested by the plan creators that would affect Mount Vernon District.

2. That this ordinance shall become effective on adoption, but it shall be enforced only after satisfactory completion of the federal preclearance procedure provided by Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. § 1973c.

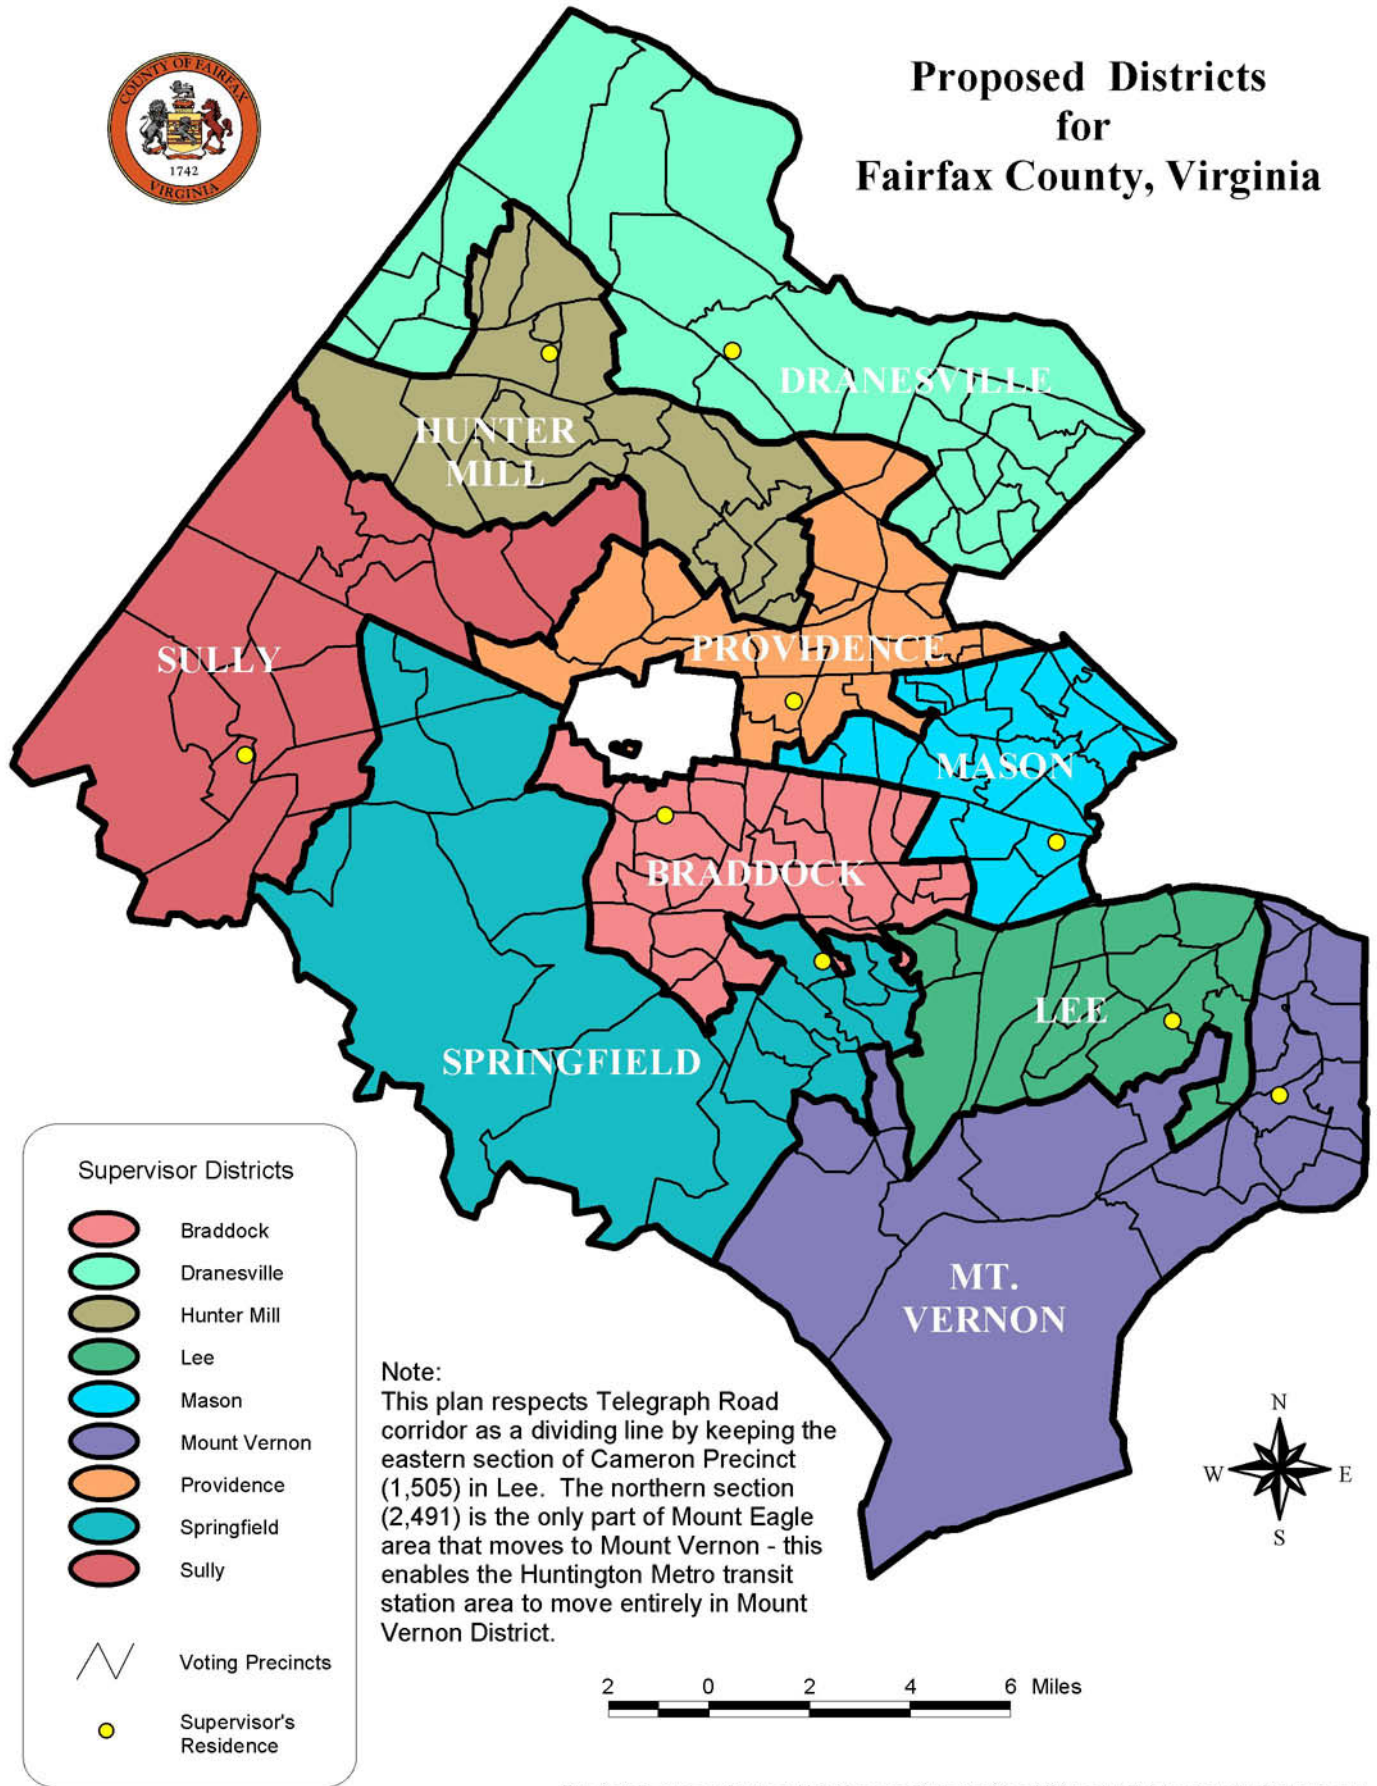

GIVEN under my hand this ____ day of June 2001.

Clerk to the Board of Supervisors

Reapportionment Plan 9B-8

Proposed Districts for Fairfax County, Virginia

Note:
This plan respects Telegraph Road corridor as a dividing line by keeping the eastern section of Cameron Precinct (1,505) in Lee. The northern section (2,491) is the only part of Mount Eagle area that moves to Mount Vernon - this enables the Huntington Metro transit station area to move entirely in Mount Vernon District.

SUMMARY REPORT: PLAN 9B-8

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes, there are no changes in precinct boundaries.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The central thrust of this plan is to try and maintain current district boundaries as much as possible by making a minimal number of changes. This plan makes 15 precinct changes for a less than 7% precinct change in the existing districts.

It meets all legal requirements, keeps community interests intact, causes minimal disruption, and preserves all existing ethnic communities of interest.

This plan has the support of at least five members of the committee, including members representing minority groups.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

It is the least disruptive plan and should have the least cost and confusion to implement. Over time, current supervisors and school board members have become familiar with the people, neighborhoods, and problems and successes of their districts. Likewise, the residents have become familiar with the officials that represent them and where their local government centers are located, not to mention their polling places.

This plan avoids making any dramatic changes to existing boundaries and communities of interest. Indeed, this plan observes incumbency. No supervisor or school board member is placed in a new district or placed in the same district as another incumbent. Similarly, this plan does not change any government center locations or necessitate adding a new one.

This plan avoids breaking up existing towns like Clifton, Herndon and Vienna and communities like Reston, Centreville and McLean. More importantly, as these towns (the outlying communities in some cases) have expanded, this plan recognizes their greater commonality of interests and takes two precincts and moves them into the same districts in the case of Newgate and Stuart. Newgate has a Clifton address and is the only Sully precinct bordering Centreville that is not a part of Centreville, and is moved from Sully into Springfield to join with Clifton. Stuart is more a part of Reston and is moved

into Hunter Mill from Dranesville to join with the other Reston precincts. Vienna maintains its precinct boundaries within Hunter Mill.

This plan would recommend the renaming of the Springfield District in that much of Springfield can be found in Braddock and, the Springfield District moved westward. A possible name change could be Clifton Station (from Clifton and Fairfax Station -- the new center region of the district).

This plan makes three changes to Mt. Vernon recognizing that Mt. Vernon will have tremendous growth in the near term due to Lorton development.

This plan preserves an important portion of the Richmond Highway revitalization area under two districts, Lee and Mt. Vernon.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Should be minimal due to the fact that minor changes were made and boundaries are commonsensically drawn to avoid confusion to its residents.

This plan cannot address the objections of ten years ago to the current apportionment due to population increases.

This plan effects Braddock, Springfield and Sully more than the other districts, because of Sully's extreme growth and in the interest of congruity.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

Under this plan there is no adverse effect to racial and/or language minorities. The percentages of all minorities are almost identical in all districts.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

This plan observes incumbency. (See #3 under "Advantages")

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

Not on the map is one change: Mt. Eagle has been split. The northern section of Mt. Eagle precinct with 2,491 residents moves from Lee to Mt. Vernon

Between Mason and Providence the Walnut Hill 1 and Walnut Hill 2 precincts are placed together again in Mason.

Recommends splitting the Garfield precinct along the Fairfax County Parkway and add the southern piece to Mt. Vernon for these two key reasons: 1. A large industrial area already separates the communities south of the large Newington/Fullerton Industrial parks and the Engineer Proving Grounds (EPG), leaving them feeling disenfranchised from Lee District. This area should be added to the current Mt. Vernon precinct Delong which is extraordinarily small (1953 residents) already and just across the road. Garfield has a population of over 6500 currently and will experience explosive growth once the EPG is developed.

In Sully, the Greenbriar East and West stay together.

Recommends splitting Burke and adding northern part to Braddock, but keeping the government center in Springfield.

Also in Sully, Franklin (home of the Sully Plantation) and Kinross precincts stay together as they are a community of interest.

Notes: The ideal population for a nine district plan is 107,750 persons.

The racial categories labeled Black, American Indian, Asian and Pacific Islander include those persons who indicated only those races and those persons who indicated that they were a combination of the labeled race and White.

This plan respects Telegraph Road corridor as a dividing line by keeping the eastern section of Cameron Precinct (1,505) in Lee. The northern section (2,491) is the only part of Mount Eagle area that moves to Mount Vernon - this enables the Huntington Metro transit station area to move entirely in Mount Vernon District.

Section 7-2-8. Mason District.

The Mason District shall consist of these election precincts: Baileys, Barcroft, Belvedere, Bren Mar, Brook Hill, Camelot, Columbia, Edsall, Glen Forest, Holmes, Hummer, Lincolnia, Masonville, Parklawn, Poe, Ravenwood, Ridgelea, Skyline, Sleepy Hollow, Saint Albans, Walnut Hill No. 1, Walnut Hill No. 2, Westlawn, Weyanoke, Whittier, and Willston.

¹ On May 7, 2001, the Board authorized staff to advertise a public hearing to consider, among other issues, an ordinance to divide several precincts to conform to the boundaries for the newly-established House of Delegates and Senate districts. That proposed ordinance would divide Mount Eagle into three portions (Mount Eagle North, Mount Eagle Central, and Mount Eagle South). The public hearing is scheduled for May 21, 2001. The plan creators suggest that the proposed Mount Eagle North precinct, with a population of 2,491, be transferred to Mount Vernon District, with the remainder of the existing Mount Eagle precinct (proposed Mount Eagle Central and Mount Eagle South, with a combined population of 4,891) left in Lee District.

Section 7-2-9. Mount Vernon District².

The Mount Vernon District shall consist of these election precincts: Belle Haven, Belleview, Belvoir, Bucknell, Delong, Fort Hunt, Grosvenor, Gunston, Hollin Hall, Huntington, Kirkside, Lorton, Marlan, Newington, Pohick Run, Saratoga, Sherwood, Stratford, Waynewood, Westgate, Whitman, Woodlawn, and Woodley.

Section 7-2-10. Providence District.

The Providence District shall consist of these election precincts: Blake, Fairfax Court (that part of Fairfax County containing the governmental complex which is surrounded by Fairfax City), Fort Buffalo, Freedom Hill, Graham, Greenway, Magarity, ~~Mantua~~, Marshall, Merrifield, Mosby, Nottoway, Oak Marr, Oakton, Penderbrook, Pine Ridge, Pine Spring, Price, Shreve, Stenwood, Thoreau, Timber Lane, Tysons, Walker, ~~Walnut Hill No. 2~~, and Woodburn.

Section 7-2-11. Springfield District.

The Springfield District shall consist of these election precincts: Burke, ~~Burke Centre~~, ~~Cardinal~~, Cherry Run, Clifton, Fairfax Station, Greenbriar East, Greenbriar West, Hunt, Irving, Keene Mill, Leehigh, Newgate, Orange, ~~Parkway~~, Pohick, Popes Head, Sangster, ~~Saratoga~~, Silverbrook, ~~Terra Centre~~, Valley, West Springfield, Willow Springs, ~~White Oaks~~, and Woodyard.

Section 7-2-12. Sully District.

The Sully District shall consist of these election precincts: Centre Ridge, Centreville, Chantilly, Cub Run, Deer Park, Dulles, Franklin, ~~Greenbriar East~~, ~~Greenbriar West~~, Green Trails, Kinross, ~~Leehigh~~, Lees Corner, London Towne, Navy, ~~Newgate~~, Rocky Run, Stone, Vale, Virginia Run, and Waples Mill ~~and Willow Springs~~.

² See footnote 1 regarding suggested adjustments to Mount Eagle precinct.

2. That this ordinance shall become effective on adoption, but it shall be enforced only after satisfactory completion of the federal preclearance procedure provided by Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. § 1973c.

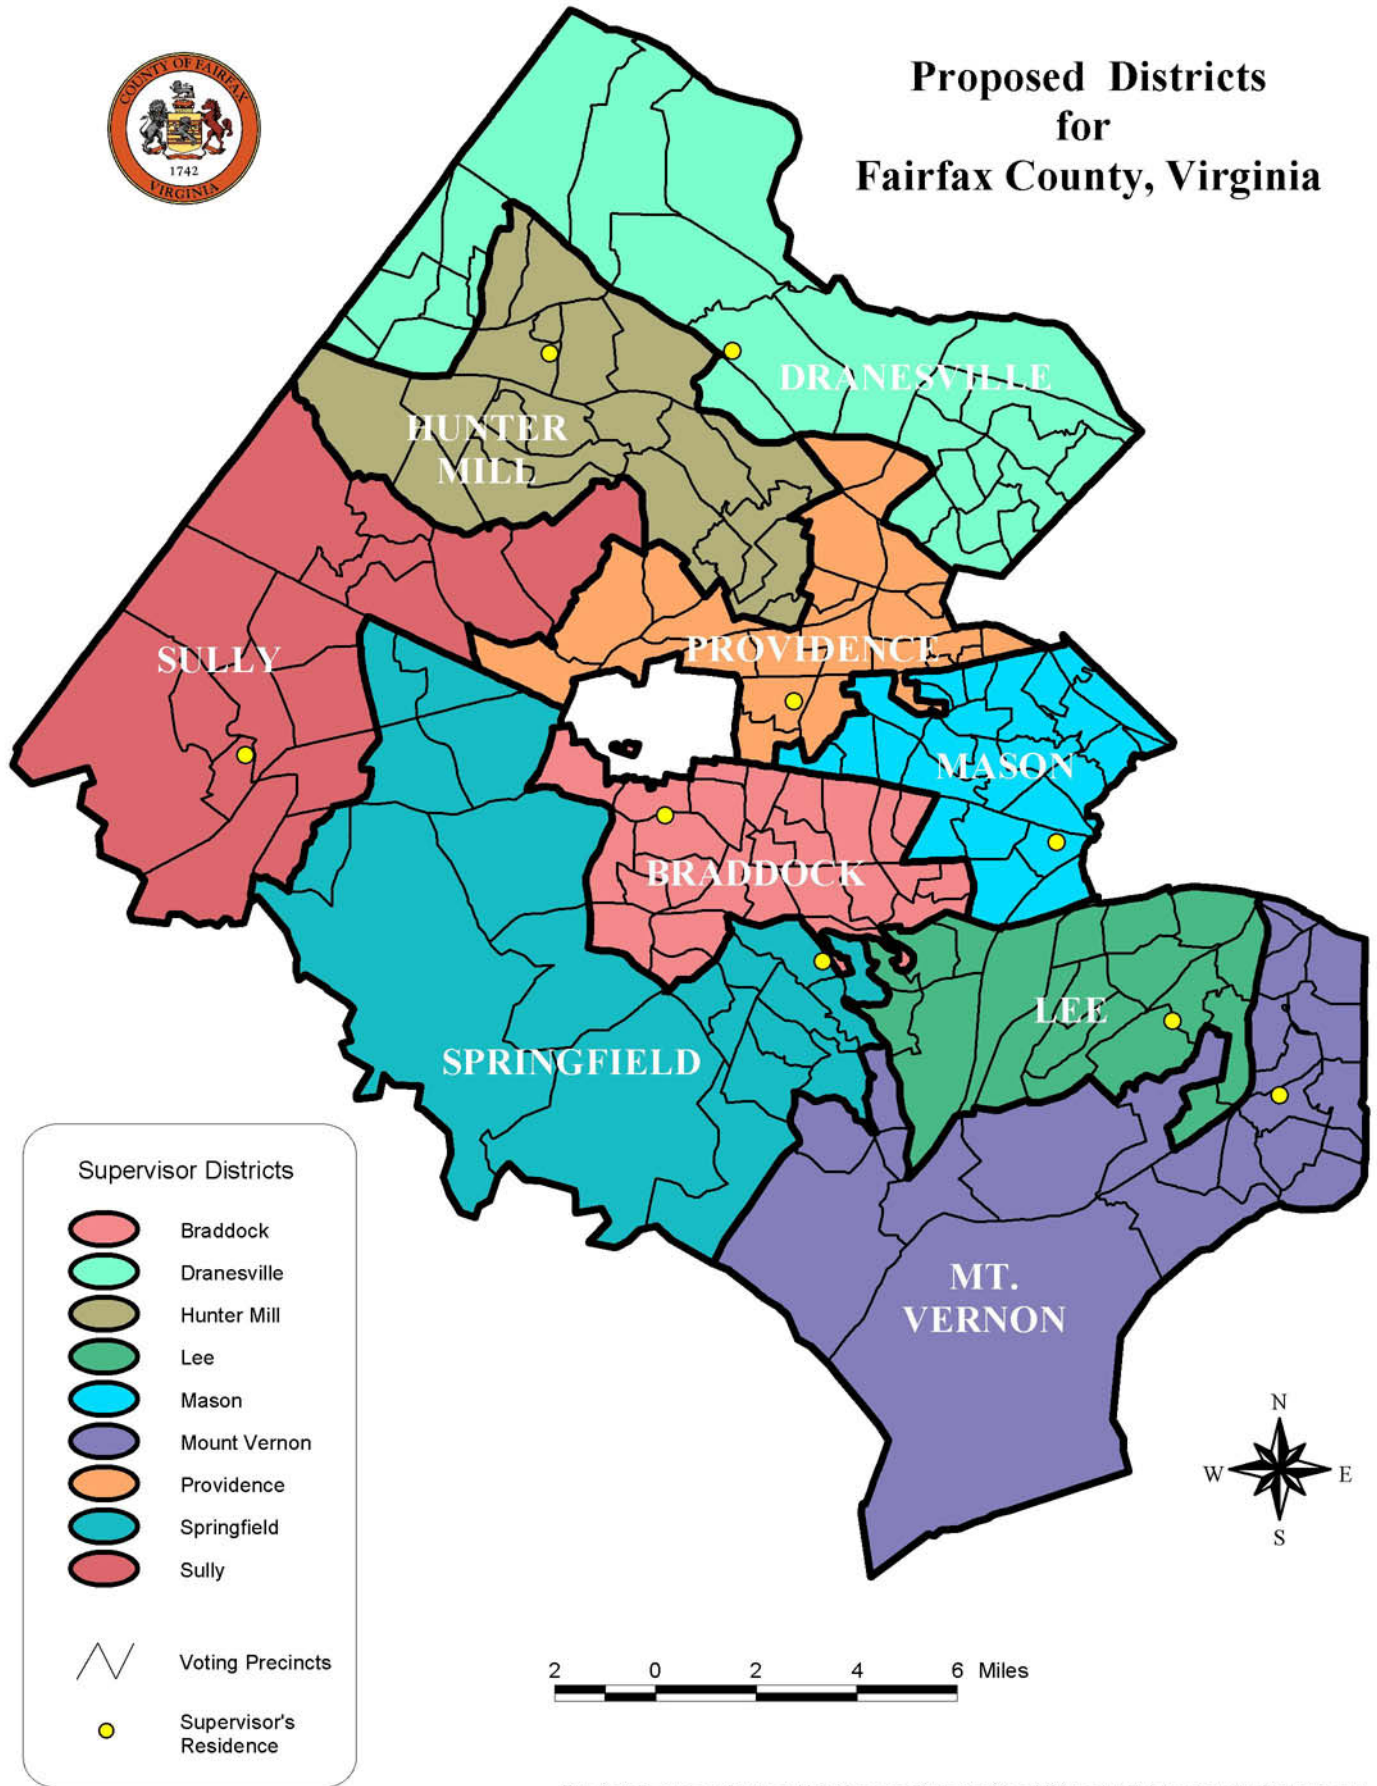

GIVEN under my hand this ____ day of June 2001.

Clerk to the Board of Supervisors

Reapportionment Plan 9B-9

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9B-9

PRECINCT BOUNDARIES

- 1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?**

THEME

- 2. WHAT IS THE UNDERLYING THEME OF THE PLAN?**

The plan attempts to hold changes to a minimum while still meeting all appropriate constraints. Only 14 precincts are impacted and one of those is the jail

DISTRICTS

- 3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?**

The plan utilizes existing boundaries in every case.

ADVANTAGES

- 4. WHAT ARE THE ADVANTAGES OF THE PLAN?**

Changes are focused on three Districts with only minor or no change in others.

POTENTIAL OBJECTIONS

- 5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?**

Some Districts prefer no change or other changes than those proposed.

RACIAL/ LANGUAGE MINORITIES

- 6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?**

The racial /language minorities are little changed from the current situation.

INCUMBENTS

- 7. HOW DOES THE PLAN AFFECT INCUMBENTS?**

No elected officials or planning commission members are affected by this plan.

OTHER FEATURES

- 8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?**

The changes to the Springfield District are so extensive that a name change should be considered.

SUMMARY REPORT: PLAN 9B-10

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The plan attempts to make the minimum number of changes possible while still meeting all appropriate constraints

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

Only 12 precincts are moved. Two Districts are not affected at all. Two Districts are affected by only one precinct change. Three Districts are impacted by three or less changes. By holding changes to a minimum disruptions to the ordinary voter will be held to a minimum.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Some Districts would prefer no change at all to their boundaries or different changes.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

The distribution of racial /language minorities remains basically as it is under today's boundaries.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

No incumbent elected official or planning commission member is affected by this plan.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

The plan makes such major changes to the existing Springfield District that a name change should be considered.

Clerk to the Board of Supervisors

Reapportionment Plan 9B-11

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 9B-11

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The plan attempts to hold changes to a minimum while still meeting all appropriate constraints. It makes somewhat more changes than necessary in order to meet the desires of some Districts for little or no change.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

Only 15 precincts are affected and one of them is the jail. Three Districts are not affected at all and three Districts have three or fewer changes.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

It may appear that all the discomfort of change is being focused on just three Districts, especially Braddock and Springfield.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

The plan does not affect the existing distribution of racial/language minorities.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

The plan does not affect incumbent elected officials or Planning Commission members although the home precinct of the Springfield supervisors is split under the plan.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

The changes to the Springfield District are so extensive that a name change may be appropriate

Reapportionment Plan 9B-12

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: 9B-12

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes, there are no changes in precinct boundaries.

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

This plan preserves the current 9 Magisterial Districts. The 9 districts are composed of contiguous and compact territory.

The main effort of this plan is to maintain the current boundaries to the largest extent possible while changing the absolute minimum number of precincts from one district to another.

This plan seems to meet all applicable requirements by keeping communities of interests intact.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

This minimum precinct change plan offers quite possibly, the least costly and disruptive proposal for residents. Incumbency is respected. None of the 9 BOS, planning commissioners or school board members are displaced except for Gary Reese (Gary may run for other state office shortly).

This plan does not breakup or change the districts for towns such as Herndon Vienna, Clifton or communities of interests such as Reston, McLean, Merrifield, Centreville and Springfield.

There are a total of 17 precinct changes required under this plan:

Saratoga would move from Springfield to Mt. Vernon. Bren Mar moves from Mason to Lee.

Woodlawn would move from Lee to Mt. Vernon. Mt Eagle moves from Lee to Mt. Vernon.

Willow Springs, Leehigh, Greenbriar West, Greenbriar East would move from Sully to Springfield.

Burke Centre, Terra Centre, Cardinal, Keene Mill #2 move from Springfield to Braddock.

Fort Buffalo, Graham and Walnut Hill #2 would move from Providence to Mason.

Waples Mill and Vale would move from Sully to Providence.

Hunter Mill and Dranesville districts would remain unchanged.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

This plan may not satisfy everyone however, it can still be further refined and changed with little effort while keeping within the standard deviation of (+/- 5%).

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

No adverse effect to racial and or language minorities under this plan.

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

Incumbency is respected. All 9 BOS, planning commissioners and school board members are kept within their districts except for Gary Reese (exception previously noted).

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

Reapportionment Plan 9C

Proposed Districts for Fairfax County, Virginia

Note:
Bristow divided North/South, whatever is
needed to bring Mason to the minimum
population threshold. Mount Eagle-North
to Mount Vernon. Burke split between
Springfield and Braddock, whatever
accommodates Braddock without
affecting the Government Center.

SUMMARY REPORT: PLAN 9C

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

As the plan is presented it does utilize existing boundaries or the boundaries of precincts as they were split by the General Assembly (as in the case of Mt. Eagle where the plan assumes that the northern portion of Mt. Eagle will transfer to Mt. Vernon).

The plan balances without additional splits, but does assume the split by the Board of Supervisors of the Bristow precinct, with a portion being transferred to the Mason District from the Braddock District, and a split of the Burke precinct, with a portion being transferred to the Braddock District and the portion that contains the Springfield Government Center and the Springfield Supervisors' office remaining in Springfield. (See notes under possible objections)

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The theme of the plan is to accomplish balance among districts with the least possible disruption.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

Aside from minimizing disruption and achieving balance among the districts, the plan takes into consideration specific goals expressed by many individual district representatives, such as retaining balance between two supervisors along Richmond Highway, reuniting Reston by incorporating Stuart precinct into Hunter Mill, bringing all residential communities north of the Dulles Toll Road into one district, retaining the Providence District Community Center in Providence District, keeping the Merrifield revitalization district, the subject of a three-year task force planning effort, intact.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

Some early comments included a view that the committee should try not to split precincts. This plan would split Bristow and Burke. The Board of Supervisors, however, has pointed out at its public meetings that they may split precincts to achieve population balance and that precincts were split during the last redistricting process.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

INCUMBENTS**7. HOW DOES THE PLAN AFFECT INCUMBENTS?**

The plan does not affect the residence of any sitting supervisor, planning commissioner or school board member.

OTHER FEATURES**8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?**

Notes: The ideal population for a nine district plan is 107,750 persons.

The racial categories labeled Black, American Indian, Asian and Pacific Islander include those persons who indicated only those races and those persons who indicated that they were a combination of the labeled race and White.

Bristow divided north/south whatever is needed to bring Mason to the minimum population threshold. Mount Eagle north to Mount Vernon. Burke split between Springfield and Braddock whatever accommodates Braddock without affecting the Government Center.

**DRAFT ORDINANCE REAPPORTIONING THE ELECTION DISTRICTS OF THE
MEMBERS OF THE BOARD OF SUPERVISORS**

ADVISORY COMMITTEE PLAN 9C

AN ORDINANCE to amend and readopt Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12, relating to the election districts of the members of the Board of Supervisors.

Be it ordained by the Board of Supervisors of Fairfax County:

1. That Sections 7-2-1, 7-2-3, 7-2-4, 7-2-5, 7-2-6, 7-2-7, 7-2-8, 7-2-9, 7-2-10, 7-2-11, and 7-2-12 are amended and readopted as follows:

Section 7-2-1. Composition of the Board of Supervisors.

The Board of Supervisors of Fairfax County, Virginia (“Board”), shall be composed of one elected at-large chairman and nine members who are elected from single-member supervisor election districts.

Section 7-2-3. Election districts of the members of the Board.

Except for the Chairman whose election shall be controlled by Section 7-2-2, *supra*, the members of the Board shall be elected in accordance with state law from single-member election districts by the qualified voters of those districts. There shall be nine ~~(9)~~ election districts ~~which~~ that shall be named: Braddock, Hunter Mill, Dranesville, Lee, Mason, Mount Vernon, Providence, Springfield, and Sully.

Section 7-2-4. Braddock District.

The Braddock District shall consist of these election precincts: Bonnie Brae, ~~Bristow~~¹; ~~Burke~~², Burke Centre, Cardinal, Chapel, Fairview, Heritage, Kings Park, Lake Braddock,

¹ The plan creators suggest dividing Bristow precinct and adding a portion to Mason District to increase that District to the minimum necessary population threshold, with the remainder of Bristow left in Braddock District.

² The plan creators suggest dividing Burke precinct and moving into Braddock District the portion that does not contain the Springfield area government center.

Laurel, Long Branch, North Springfield No. 1, North Springfield No. 2, North Springfield No. 3, Oak Hill, Olde Creek, Olley, Ravensworth, Robinson, Sideburn, Signal Hill, Terra Centre, Villa, Wakefield, and Woodson.

Section 7-2-5. Hunter Mill District.

The Hunter Mill District shall consist of these election precincts: Aldrin, ~~Colvin~~, Dogwood, Flint Hill, Floris, Fox Mill, Frying Pan, Glade, Hunters Woods, North Point, Reston No. 1, Reston No. 2, Reston No. 3, South Lakes, Stuart, Sunrise Valley, Terraset, Vienna No. 1, Vienna No. 2, Vienna No. 4, Vienna No. 6, Westbriar, and Wolftrap.

Section 7-2-6. Dranesville District.

The Dranesville District shall consist of these election precincts: Chain Bridge, Chesterbrook, Churchill, Clearview, Colvin, Cooper, El Nido, Forestville, Great Falls, Haycock, Herndon No. 1, Herndon No. 2, Herndon No. 3, Hickory, Hutchison, Kenmore, Kirby, Langley, Longfellow, McLean, Pimmit, Salona, Seneca, Shouse, ~~Stuart~~, Sugarland, Westhampton, and Westmoreland.

Section 7-2-7. Lee District.

The Lee District shall consist of these election precincts: Beulah, Bush Hill, Cameron, Crestwood, Fairfield, Franconia, Garfield, Groveton, Hayfield, Kingstowne, Lynbrook, Mount Eagle,³ Pioneer, Rose Hill, Van Dorn, Villages, and Virginia Hills, ~~and Woodlawn~~.

Section 7-2-8. Mason District.

The Mason District shall consist of these election precincts: Baileys, Barcroft,

³ On May 7, 2001, the Board authorized staff to advertise a public hearing to consider, among other issues, an ordinance to divide several precincts to conform to the boundaries for the newly established House of Delegates and Senate districts. That proposed ordinance would divide Mount Eagle into three portions (Mount Eagle North, Mount Eagle Central, and Mount Eagle South). The public hearing is scheduled for May 21, 2001. The plan creators suggest that the proposed Mount Eagle North precinct, with a population of 2,491, be transferred to Mount Vernon District, with the remainder of the existing Mount Eagle precinct (proposed Mount Eagle Central and Mount Eagle South, with a combined population of 4,891) left in Lee District.

Belvedere, Bren Mar, Bristow,⁴ Brook Hill, Camelot, Columbia, Edsall, Glen Forest, Holmes, Hummer, Lincolnia, Masonville, Parklawn, Poe, Ravenwood, Ridgelea, Skyline, Sleepy Hollow, Saint Albans, Walnut Hill No. 1, Westlawn, Weyanoke, Whittier, and Willston.

Section 7-2-9. Mount Vernon District⁵.

The Mount Vernon District shall consist of these election precincts: Belle Haven, Belleview, Belvoir, Bucknell, DeLong, Fort Hunt, Grosvenor, Gunston, Hollin Hall, Hunt, Huntington, Kirkside, Lorton, Marlan, Newington, Pohick Run, Saratoga, Sherwood, Stratford, Waynewood, Westgate, Whitman, Woodlawn, and Woodley.

Section 7-2-10. Providence District.

The Providence District shall consist of these election precincts: Blake, Fairfax Court (that part of Fairfax County containing the governmental complex which is surrounded by Fairfax City), Fort Buffalo, Freedom Hill, Graham, Greenway, Magarity, ~~Mantua~~, Marshall, Merrifield, Mosby, Nottoway, Oak Marr, Oakton, Penderbrook, Pine Ridge, Pine Spring, Price, Shreve, Stenwood, Thoreau, Timber Lane, Tysons, Walker, Walnut Hill No. 2, and Woodburn.

Section 7-2-11. Springfield District.

The Springfield District shall consist of these election precincts: ~~Burke~~,⁶ ~~Burke Centre~~, ~~Cardinal~~, Cherry Run, Clifton, Fairfax Station, Greenbriar East, Greenbriar West, ~~Hunt~~, Irving, Keene Mill, Leehigh, Newgate, Orange, Parkway, Pohick, Popes Head, Sangster, ~~Saratoga~~, Silverbrook, ~~Terra Centre~~, Valley, West Springfield, White Oaks, Willow Springs, and Woodyard.

⁴ See footnote 1 regarding suggested adjustments to Bristow precinct.

⁵ See footnote 3 regarding suggested adjustments to Mount Eagle precinct.

⁶ See footnote 2 regarding suggested adjustments to Burke precinct.

Section 7-2-12. Sully District.

The Sully District shall consist of these election precincts: Centre Ridge, Centreville, Chantilly, Cub Run, Deer Park, Dulles, Franklin, ~~Greenbriar East, Greenbriar West~~, Green Trails, Kinross, ~~Leehigh~~, Lees Corner, London Towne, Navy, ~~Newgate~~, Rocky Run, Stone, Vale, Virginia Run, and Waples Mill ~~and Willow Springs~~.

2. That this ordinance shall become effective on adoption, but it shall be enforced only after satisfactory completion of the federal preclearance procedure provided by Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. § 1973c.

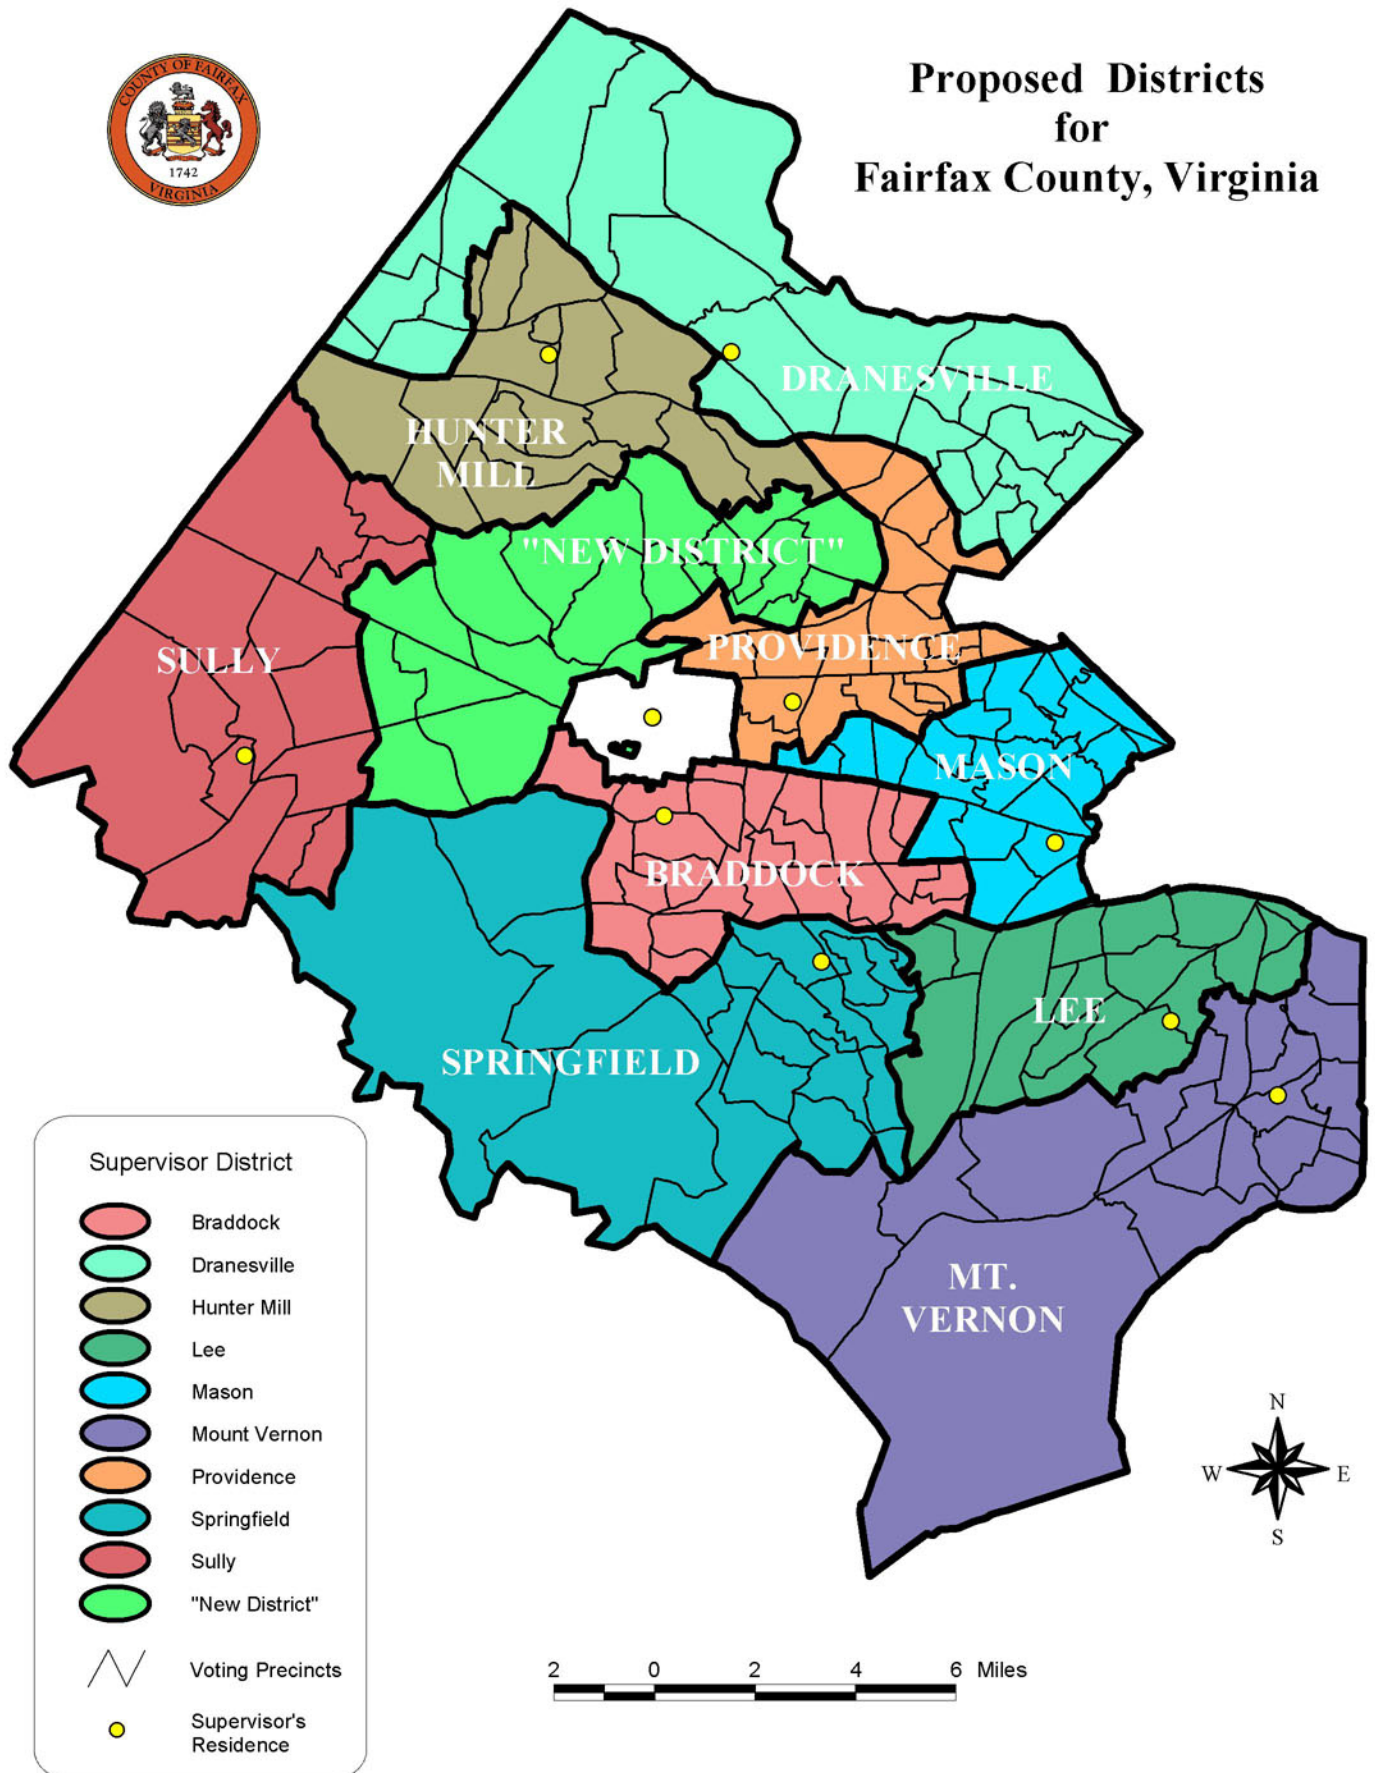

GIVEN under my hand this ____ day of June 2001.

Nancy Vehrs
Clerk to the Board of Supervisors

Reapportionment Plan 10A

Proposed Districts for Fairfax County, Virginia

SUMMARY REPORT: PLAN 10A

PRECINCT BOUNDARIES

1. DOES THE PLAN UTILIZE EXISTING PRECINCT BOUNDARIES NECESSITATED BY PRECINCT CHANGES OR PROPOSED FOR CONSIDERATION BY THE BOARD OF SUPERVISORS?

Yes

THEME

2. WHAT IS THE UNDERLYING THEME OF THE PLAN?

The central idea of this plan is to create a new district in the central part of the County while changing existing districts as little as possible for a configured ten member district plan.

DISTRICTS

3. HOW DOES THE PLAN AFFECT EXISTING DISTRICTS?

ADVANTAGES

4. WHAT ARE THE ADVANTAGES OF THE PLAN?

This plan recognizes a community of interest in the central area of the County.

This plan includes the town of Vienna and the Greenbriar areas in the new District.

This plan includes Route One in the Mount Vernon District.

The plan keeps disruption to existing districts relatively small and deviations minimal in creating a new tenth district.

The tenth district supervisor's office can be located in the Government Center Complex.

POTENTIAL OBJECTIONS

5. WHAT ARE THE POTENTIAL OBJECTIONS TO THE PLAN?

This plan is a ten member district plan. The current board has stated in public and in private their preference for a continuation of the status quo of nine district members and one at-large member.

This plan increases administrative County costs of a new district that includes office expenses, salaries and other expenses.

One County School Board member lives in the new district. (Sully). This current member will be running for State Delegate.

RACIAL/ LANGUAGE MINORITIES

6. HOW DOES THE PLAN AFFECT RACIAL AND LANGUAGE MINORITIES?

This plan increases the number of Blacks to 25% in Mount Vernon while decreasing Blacks to 12% in Lee District.

Under this plan, the percentage of Asians, Hispanics, and Blacks are as follows:

SUPERVISOR DISTRICT	ASIANS	HISPANICS	BLACKS
Braddock	17.1	8.7	5.3
Dranesville	12.4	9.4	4.5
Hunter Mill	12.3	8.3	7.9
Lee	13.4	12.3	12.2
Mason	16	23.8	9.6
Mount Vernon	6.3	12.4	25
Providence	20.2	15.7	5.4
Springfield	13.3	6.3	6.4
Sully	13.9	7.4	7
New District	14.7	5.7	5

INCUMBENTS

7. HOW DOES THE PLAN AFFECT INCUMBENTS?

One County School Board member lives in the new district. (Sully). This current member is running for the General Assembly.

This plan observes incumbency. No supervisor, or planning commission member is placed in the same district as another.

OTHER FEATURES

8. WHAT OTHER FEATURES OF THIS PLAN SHOULD BE CONSIDERED?

A new central district will create a ten member district with one at-large for an eleven member County board. This would allow the Chair vote to break a tie.

This plan is intended to create districts more on a 'grassroots' level that is manageable for local government to succeed and to prepare for increased growth in the next ten years that is inevitable.

(A) All references to precincts shall refer to those precincts in existence on April 1, 1991. Whenever a precinct boundary is described by a road, a stream, or other physical feature, the intent is that the center of such road, stream, or physical feature shall be the dividing line between that precinct and an adjoining precinct.

(B) All references herein to the precincts incorporate all changes and boundaries previously described and adopted by the Board of Supervisors on May 13, 1991, together with all subsequent amendments made by the Board of Supervisors on June 13, 1991, September 16, 1991, June 22, 1992, October 26, 1992, March 22, 1993, June 28, 1993, June 6, 1994, May 22, 1995, March 18, 1996, April 7, 1997, August 4, 1997, April 27, 1998, and July 13, 1998.

2. That this ordinance shall become effective on adoption, but it shall be enforced only after satisfactory completion of the federal preclearance procedure provided by Section 5 of the Voting Rights Act of 1965, as amended, 42 U.S.C. § 1973c.

GIVEN under my hand this ____ day of June 2001.

Nancy Vehrs
Clerk to the Board of Supervisors

REAPPORTIONMENT RESOLUTION

At a regular meeting of the Fairfax County Board of Supervisors (“Board of Supervisors”), held in the Board Auditorium of the Fairfax County Government Center at 12000 Government Center Parkway, Fairfax, Virginia, on Monday, March 19, 2001, at which a quorum was present and voting, the following resolution was adopted in public session.

Whereas, Virginia local governments are required to consider reapportionment every ten years; and

Whereas, the recently-released population data from the United States Bureau of the Census indicate that there have been sufficient population changes within Fairfax County, Virginia, to warrant a reapportionment of the Board of Supervisors of the County; and

Whereas, the Board of Supervisors has the power to reapportion the governing body in accordance with federal and state law; now, therefore be it,

Resolved that the Board of Supervisors supports and adopts the following:

Goal

The goal for the Fairfax County Board of Supervisors is to reapportion the governing body of the County during calendar year 2001. As part of that process, the Board will consider the existing election districts for the members of the governing body and proposed revisions to those districts. That process will be completed and approved in accordance with federal and state law.

Criteria

1. The governing body of the County must be composed of one elected at-large chairman and a fixed number of members who are elected from single member districts.

2. The Board will adopt election districts, which are composed of contiguous and compact territory, which shall be so constituted as to give, as

nearly as is practicable, representation in proportion to the population of the district.

3. The Board will adopt election districts with clearly observable boundaries, as Virginia law defines that term.
4. The Board will comply with the federal Voting Rights Act of 1965, as amended.

Policies

1. The Board will consider plans that maintain nine election districts as well as any other plans that propose a lawful number of election districts.
2. The Board will not consider election district proposals which would result in population deviations between election districts that are ten percent or greater.
3. The Board will consider existing geographical and political boundaries, which shall include, but not be limited to, the utilization of incorporated town boundaries.
4. The Board will consider established communities of interest that shall include, but not be limited to, geographic areas with similar characteristics such as ethnic, social and cultural interests. Present and planned use of land and public facilities are relevant to defining communities of interest.
5. The Board will consider existing districts and incumbent representation on local public bodies that may be affected by reapportionment.
6. The Board encourages plans that are based on existing voting precinct boundaries, and where changes are necessary, precincts shall be divided along Census block boundaries.
7. The Board encourages interested persons to submit reapportionment plans to the County in accordance with published County procedures. Proponents of any plan shall submit appropriate maps of proposed election districts and

statistical summaries and analysis. The statistical analysis shall show the population deviation between election districts and the retrogressive effect on racial or language minority groups.

8. The Board encourages interested persons to submit proposals for amending or revising any reapportionment plan, which has been submitted to the County. Proponents of any such amendment or revision shall submit appropriate maps showing the proposed changes and statistical summaries and analysis. The statistical analysis shall show the population deviation between election districts and the retrogressive effect on racial or language minority groups.

9. Notwithstanding Policies 7 and 8, above, the Board encourages public comments or recommendations from interested persons on any plan or change to plan that has been submitted.

GIVEN under my hand this 19th day of March 2001.

Nancy Vehrs

Clerk to the Board of Supervisors
